Brinks Job:

It Happened in Massachusetts Larry Pletcher, Dan Spinella, 2008-12-30 You've studied the Salem witch trials the Boston Tea Party and Paul Revere's midnight ride. But do you know the whole story? *It Happened in Massachusetts* gives readers inside information on these events as well as recounting lesser-known happenings.

The Killing: The True Story Behind History's Most Daring Heists Tim Madsen, *The Killing: The True Story Behind History's Most Daring Heists* is a gripping exploration of how a single film Stanley Kubrick's 1956 noir masterpiece *The Killing* redefined the heist genre and echoed through the real world of high-stakes crime for decades to come. Blending cinematic history, true crime investigation, and cultural analysis, this ten-part nonfiction work traces the evolution of the heist narrative from the racetracks of Kubrick's cold fatalistic fiction to real-life vaults in Boston, bank runways at JFK, diamond basements in Antwerp, and even the anonymous shadows of today's digital underworld. Along the way, it examines how *The Killing* became both blueprint and cautionary tale, imitated by filmmakers, studied by law enforcement, and disturbingly mirrored by actual criminals. Featuring deep dives into notorious heists, psychological profiles, criminal methodologies, and the cinematic legacy of Kubrick's structural innovation, this book reveals a haunting truth: the more we try to master chaos through planning, the more chaos finds its way in. Whether you're a fan of classic film, a student of criminal history, or simply fascinated by the intersection of story and reality, *The Killing* offers a bold and unsettling look at the illusion of control and the perfect plan that always falls apart.

Behind the Seams Deahdra, 2016-01-08 *Behind the Seams* tells the true story of a Hollywood costumer who worked in tinsel town during the golden era of television and film. Author Deahdra worked for many years on motion picture and TV studio lots as well as in other settings as she dressed some of the biggest stars of the era. Chapters are broken down by movie or television title, detailing activities both on and off the sets. Her fun, exciting, and often humorous experiences with famous actors could fill a book. First-time author Deahdra was motivated to share her memories of working as a Hollywood costumer by a friend and mentor who convinced her to write the stories for everyone, not just a log for her son. She says, "My intentions were to write about the various times that I was away from home being the absentee mom and backing up the many photo albums taken over the years. I wanted him to know who these movie stars were and to let him know of the places I traveled." After my mentor convinced me to just tell my stories, he kept persisting and pushing me until completion. Without that push, these stories and photos may have been lost forever. Dreams do come true. From Birmingham, Alabama to Hollywood, California, Deahdra invites readers to share her fun-filled and exciting life in tinsel town. Her journey began as a native Southerner whose uncle Phillip nicknamed her Hollywood as a child. You can only imagine how special this made her feel since she was a red-headed, freckle-faced little girl with a giant space between her front teeth. As fate would have it, she eventually pursued a successful career in the entertainment capital of the world where her adventures truly begin. Come along and share these exciting times. *Behind the Seams*, I thought it was an appropriate name for my book as I was a
