all eccentric member of the unconventional Applewhite clan can't believe the plan her father has hatched to save the family from financial disaster. He's decided to transform their rural North Carolina farm into a summer camp for creative children. Soon the farm is packed with temperamental artists, out-of-control campers, and an even more out-of-control goat. It's all a little too much for structure-loving E.D., even before threatening notes begin appearing in the family mailbox. Together with Jake Semple, the boy who survived his first year in the Applewhites' home school, she's determined to save the camp and the family from disaster. Like Carl Hiaassan's *Chomp*, Applewhites at Wit's End combines outrageous humor and the frustrations and joys of being part of a family. **At Wit's End** Beth Gene Krumholz, 1992 *God at Your Wit's End* Marilyn Meberg, 2005 Complete with thoughtful applications and probing questions, each chapter is designed for either group or personal study and in-depth reflection. **Erma Bombeck** Allison Engel, Margaret Engel, 2016 From the writers of the smash hit *Red Hot Patriot*, *The Kick Ass Wit* of Molly Ivins comes a comic look at one of our country's most beloved voices. Erma Bombeck captured the frustrations of her generation by asking, "If life is a bowl of cherries, what am I doing in the pits?" Discover the story behind America's most beloved humorist who championed women's lives with wit that sprang from the most unexpected place of all: the truth. **Film at Wit's End** Stan Brakhage, 1989 Based on lectures that Brakhage gave at the School of the Art Institute of Chicago, this volume portrays eight artists who have electrified American independent cinema across four decades. With characteristic directness, anecdotal style, and wry humor, Brakhage himself, an influential American independent filmmaker, brings into sharp focus the life and work of Jerome Hill, Marie Menken, James Broughton, Maya Deren, Ken Jacobs, Sidney Peterson, Bruce Conner, and Christopher MacLaine. He also portrays the art scenes of New York and San Francisco during times of ferment and controversy. ISBN 0 914232 99 1 20 00 [Luther League Review](#), 1928

Only by removing Indian children from their homes for extended periods of time, policymakers reasoned, could white civilization take root. While childhood memories of savagism gradually faded to the point of extinction, in the words of one official, "Kill the Indian and save the man." *Education for Extinction* offers the first comprehensive account of this dispiriting effort. Much more than a study of federal Indian policy, this book vividly details the day-to-day experiences of Indian youth living in a total institution designed to reconstruct them both psychologically and culturally. The assault on identity came in many forms: the shearing off of braids, the assignment of new names, uniformed drill routines, humiliating punishments, relentless attacks on native religious beliefs, patriotic indoctrinations.

suppression of tribal languages Victorian gender rituals football contests and industrial training Especially poignant is Adams's description of the ways in which students resisted or accommodated themselves to forced assimilation Many converted to varying degrees but others plotted escapes committed arson and devised ingenious strategies of passive resistance Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama that the response of accommodation was not synonymous with cultural surrender This is especially apparent in his analysis of students who returned to the reservation He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men The discussion comes full circle when Adams reviews the government's gradual retreat from the assimilationist vision Partly because of persistent student resistance but also partly because of a complex and sometimes contradictory set of progressive humanitarian and racist motivations policymakers did eventually come to view boarding schools less enthusiastically Based upon extensive use of government archives Indian and teacher autobiographies and school newspapers Adams's moving account is essential reading for scholars and general readers alike interested in Western history Native American studies American race relations education history and multiculturalism
