At The Cross:

At the Cross with Jesus Carl B. Rife, Harold D. Shaffer, 2001 By combining a compelling sermon series with an insightful group of monologues *At The Cross With Jesus* offers flexible effective resources that will keep the cross central in your congregation s minds and hearts during Lent Practical for use in any church large or small the material in *At The Cross With Jesus* is perfect for midweek worship or Holy Week services and could also be used for a Bible study The five moving messages in *The Symbols Of The Cross* examine Jesus final days by focusing on powerful images from the Passion story Each homily relates these events to our everyday lives by exploring a specific symbol and the human characteristic it exemplifies There are also directions for creating a searing memory of these symbols by placing visual representations of each image on a wooden cross Symbols included are The Palms a symbol of our fickleness The Money Bag a symbol of our greed The Towel a symbol of servanthood The Crown of Thorns a symbol of mockery The Nails of the Cross a symbol of suffering In *Five Who Knew Jesus* five persons who were intimately acquainted with Jesus describe their personal relationships with him Through hearing the perspective of those who played critical roles in Jesus life we are encouraged to look more closely at our own relationships with Christ during the introspective season of Lent The monologues may be performed in readers theater format but are even more effective if memorized Few props are required and costumes are a nice touch but not essential Characters represented are John a hot tempered man who becomes the disciple of love Mary the mother of Jesus a woman who suffers a mother s pain while humbly accepting God s will Peter an arrogant man who becomes a humble disciple Judas the disciple who failed because he thought he knew best Mary Magdalene a woman of the world who strives to love herself as Jesus loved her Carl B Rife has pastored United Methodist congregations throughout Maryland and Pennsylvania for more than 30 years His sermons and worship resources have appeared in several CSS publications and he is the author of *Bumper Sticker Religion* CSS Harold D Shaffer an active member of St Stephen Lutheran Church in Arbutus Maryland is a licensed clinical counselor who currently serves on the staff of an addictions clinic in Catonsville Maryland Shaffer is also on the adjunct faculty of Baltimore City Community College and the Maryland Office of Education and Training for Addiction Services OETAS

Cross Veneration in the Medieval Islamic World Charles Tieszen, 2016-02-28 One of the most common religious practices among medieval Eastern Christian communities was their devotion to venerating crosses and crucifixes Yet many of these communities existed in predominantly Islamic contexts where the practice was subject to much criticism and often resulted in accusations of idolatry How did Christians respond to these allegations Why did they advocate the preservation of a practice that was often met with confusion or even contempt To shed light onto these questions Charles Tieszen looks at every known apologetic or polemical text written between the eighth and fourteenth centuries to include a relevant discussion With sources taken from across the Mediterranean basin Egypt Syria and Palestine the result is the first in depth look at a key theological debate which lay at the heart of these communities religious identities By considering the perspectives of both Muslim and Christian authors *Cross Veneration in the Medieval Islamic World* also raises important questions concerning cross cultural debate and exchange and the development of Christianity and Islam in the medieval period This is an important book that will shine much needed light onto Christian Muslim relations the nature of inter faith debates and the wider issues facing the communities living across the Middle East during the medieval period

[The Arts in Early England: The Ruthwell and Bewcastle crosses, the Gospels of Lindisfarne, and other Christian monuments of Northumbria; with philological chapters by A. Blyth Webster](#) Gerard Baldwin Brown, 1921

At the Cross Richard H. Allen, 2014-05-29 In

volume two of *At the Cross* Richard Allen focuses on the sanctification that follows a believer's initial commitment to Christ. The cross of Christ represents the spiritual, physical, and metaphoric reasons for our existence. *At the Cross* is a line-by-line examination of the Gospels of Matthew, Mark, Luke, and John as these apostles describe events from the Garden of Gethsemane to the resurrection and ascension of Jesus Christ. This book is written for both new and seasoned believers so they may find direction for and discover the ramifications of that commitment. *At the Cross* is also written for nonbelievers so they can see why believers from the martyrdom of Christ to the most recent Chinese Christian jailed and tortured for his faith would forfeit their lives and liberty rather than deny their Savior.

The Foot of the Cross, Or, The Sorrows of Mary Frederick William Faber, 1886

Fluvial Meanders and Their Sedimentary Products in the Rock Record (IAS SP 48) Massimiliano Ghinassi, Luca Colombera, Nigel P. Mountney, Arnold Jan H. Reesink, 2018-11-14

The sinuous form and peculiar evolution of meandering rivers has long captured the imagination of people. Today, meandering rivers exist in some of the most densely populated areas in the World, where they provide environmental and economic wealth and opportunities, as well as posing hazards. Through geological time, the ancestors of these modern meanders built deposits that are now host to mineral resources, groundwater, and hydrocarbons. This Special Publication illustrates the breadth of current research on meandering rivers and their deposits. The collection of research papers demonstrates the state of science on fluvial process-product relationships. The articles cover fundamental and applied studies of both modern and ancient rivers, are based on state-of-the-art technology, include complementary philosophical approaches, and span a wide range of spatial and temporal scales. This book includes some of the most recent advances in the study of the morphodynamics and sedimentology of meandering rivers and is an important resource for those who want to investigate fluvial systems and their deposits.
