At The Edge Of The World:

On the Edge of the World Richard W. Longstreth,1998-05-18 Richard Longstreth provides a detailed picture of the early careers of four architects Bernard Maybeck Willis Polk Ernest Coxhead and A C Schweinfurth who had a decisive impact on the course of design in the San Francisco Bay Area and who stand as significant contributors to American architecture

A Kite at the Edge of the World Katy Grant,2020-04-02 It had been a great day Perhaps the Best Day A seaside village many years ago A boy makes a new friend who says he has always wanted to come to the seashore This is his last wish to see where the world ends and the blue begins because he is dying Then we should do something fun today the younger boy announces Fun With all the doctors and hospitals there s been little time for fun But what should they do Flying a kite is great fun on a windy day But first they must make their kite And they ll need supplies And the money to buy them And they will have to get around all the grown ups who might stand in their way And so this never to be forgotten day begins This is a story of friendship Of first loss And of seizing the day

Light at the Edge of the World Wade Davis,2009-12-01 For more than 30 years renowned anthropologist Wade Davis has traveled the globe studying the mysteries of sacred plants and celebrating the world s traditional cultures His passion as an ethnobotanist has brought him to the very center of indigenous life in places as remote and diverse as the Canadian Arctic the deserts of North Africa the rain forests of Borneo the mountains of Tibet and the surreal cultural landscape of Haiti In Light at the Edge of the World Davis explores the idea that these distinct cultures represent unique visions of life itself and have much to teach the rest of the world about different ways of living and thinking As he investigates the dark undercurrents tearing people from their past and propelling them into an uncertain future Davis reiterates that the threats faced by indigenous cultures endanger and diminish all cultures

Angels on the Edge of the World Kathy Lavezzo,2006 In a view that sweeps from the tenth century to the mid 16th century this text shows how the English people s concern with their island s relative isolation on the global map contributed to the emergence of a distinctive English national consciousness in which marginality came to be seen as a virtue
