Rudolf Steiner,2013-04-16 Previously published as *At the Gates of Spiritual Science* these lectures offer a fine introduction to
the whole of Rudolf Steiner s teaching as well as including valuable material which is not to be found elsewhere With great
clarity and precision Steiner speaks of the fundamental nature of the human being in relation to the cosmos the evolution of
the Earth the journey of the soul after death reincarnation and karma good and evil the modern path of meditative training as
well as giving answers to individual questions Throughout Steiner s emphasis is on a scientific exposition of spiritual
phenomena As he says in the final lecture the highest knowledge of mundane things is thoroughly compatible with the
highest knowledge of spiritual truths **The Gates of Knowledge** Rudolf Steiner,1993 **The Possibility of Spiritual

How can the West rediscover its authentic spirit Exploring the period from 1899 to 1945 from the end of the US frontier and
the writing of *The Wonderful Wizard of Oz* to the conclusion of World War II and the dropping of the atom bomb Luigi Morelli
traces the events that led the United States to become the world s dominating imperial force America he demonstrates is
deeply connected to Britain Germany and Eastern Europe particularly Russia Yet despite their tragic collective histories

there is hope for the future if only America can claim its true task Searching for the Spirit of the West challenges many of the falsehoods that pass for mainstream history Utilizing a wealth of documented evidence from the research of overlooked historians economists social and spiritual thinkers the author takes a symptomatic view of the past revealing hidden longer term trends This approach offers a new understanding of events such as the rise of Nazism the Great Depression the new Deal and even the roles of banking and clandestine brotherhoods in world history Morelli also appraises The Wonderful Wizard of Oz in parallel with America s cultural achievements Through imagination L Frank Baum s contemporary fairy tale enables us to intuit the true mission of the West and its potential contribution to world culture now and in the future

The Challenge of Lazarus-John Richard Seddon,2015-04-21 The Gospel of John distinct from the synoptic gospels is the most esoteric and challenging account of the life death and resurrection of Jesus Christ John whose identity has been much debated mysteriously refers to himself as the disciple whom Jesus loved But didn t Jesus love each of the twelve Apostles Indeed did he not love all human beings However the Gospel says only of Lazarus that Jesus loved him In this profound study Richard Seddon brings together essential but often overlooked quotations from the work of the philosopher and scientist Rudolf Steiner Steiner made no claim to divine inspiration but described how through the vigorous discipline of inner development the capacity for spiritual scientific research could be acquired Rudolf Steiner who founded anthroposophy undertook research into many of the incidents recorded in John s Gospel and reported his results in lectures given across Europe In compiling Steiner s various statements The Challenge of Lazarus John reveals that John s Gospel not only gives a historical account but also represents a path of personal development or initiation After the prelude characterizing Creation the Gospel describes how the Christ being descended into the physical and spiritual constitution of Jesus of Nazareth at the Baptism Crossing the threshold between physical and spiritual worlds the Gospel writer places emphasis on the development of the higher self in freedom on the rebirth of the soul and on the raising of Lazarus An interlude considers the significance of the seven events referred to as signs and the seven I am statements in relation to higher stages of cognition The remainder of the Gospel is seen as an expression of the seven stages of Rosicrucian Christian initiation and their reformulation in the process of human evolution described in anthroposophy This culminates in an examination of the spiritual processes that take place in the constitution of Jesus during the Crucifixion and Resurrection It is Lazarus John s personal witness of these events that enables him to write his unique Gospel Drawing together such insights and interpretations Seddon has produced a comprehensive monograph that supplements existing biblical commentaries and illumines John s enigmatic Gospel as a truly Christian path of modern initiation a challenge to all human beings that will remain for millennia to come

The Human Spirit Rudolf Steiner,2016-03-21 To live in truth to wish to be true in one s whole being will be the watchword of the future Rudolf Steiner In the midst of the lies and propaganda of the Great War Rudolf Steiner struggled to convey the truths of the human spirit The truth asserted by partisan interests he suggested was invariably tinged with dishonesty whether the

outright mendacities of politicians and rulers Steiner refers here to the machinations of the British Empire or the manipulative techniques of secret societies intent on securing and shoring up their own power In relation to the latter Rudolf Steiner highlights how whilst we tend to reject overt authority nowadays we succumb more easily to its covert forms in the received wisdoms we often unthinkingly adopt In seeking to help his audiences discern the spiritual struggle unfolding behind outer events Steiner describes how the intrigues that led to the war were based on intentional deceit which served hidden aims of which the public was mostly kept in the dark In contrast to the divisiveness of untruth truth is based on a realization of the interconnectedness of all things of interdependence between the realms below and above us The I upon which all evolution on earth is predicated signifies an overcoming of egotism and narrow interests together with the imaginative embrace of all beings Its spiritual reality that descends to us from non material worlds and towards which we evolve through earthly lives is the epitome of truth Amidst many other topics covered here Rudolf Steiner speaks about The Qur an and the Mystery of Golgotha Henry VIII Thomas More and the Church of England the Jesuits and their State in Paraguay Freemasons esoteric symbols and handshakes Madame Blavatsky s occult imprisonment by Anglo Saxon brotherhoods Dostoyevsky s The Brothers Karamazov and the occult literature of Papus and L vi

Clear Light from the Spirit World Kate Irving, 1884 *Christ and the Human Soul* Rudolf Steiner, 2023-07-05 10 Lectures in Copenhagen and Norrköping May 23 30 1912 July 12 16 1914 CW 155 Spiritual science does not want to replace Christianity rather it aims to be the instrument through which the meaning of Christianity can be grasped And one thing that will become particularly clear through spiritual science is that the being whom we call Christ must be recognized as the center of life on earth and that what we call the Christian faith is the ultimate religion the eternal religion for the future of the earth Rudolf Steiner July 13 1914 This collection of lectures from 1912 and 1914 offers a deepened understanding of the being of Christ the divine Logos in his connection with individual human souls From religious figures such as John the Baptist and Saint Francis to the twentieth century poet Christian Morgenstern these lectures reveal how Christ works with and through all who seek him The Pauline statement Not I but Christ in me becomes an inner guide by which each human soul can find a way to intimate union with the Christ being It is he who has the power to make our ideals and goals in life if they are worthy into true seeds of future reality The time of faith has come and gone Christ needs our conscious striving our effort to understand within the heart s deep core his ongoing presence and activity in the further evolution of our spiritual Earth and in our journey toward humanness These lectures are a comfort and a signpost for the soul to walk the inner path of communion with Christ for the healing and redemption of the earth We may be able in the end to redeem the karma accrued by our own individual souls but for our spiritual work to be fruitful for all humanity it must be brought into connection with Christ What we take into ourselves in such a way that it is done from the perspective of Not I this is what Christ makes into a common possession for all humanity July 14 1914 To know Christ means to undergo the school of selflessness Under the influence of materialism the

selflessness of humanity was lost in a way as will be understood in future ages of humanity However through absorption in the Mystery of Golgotha the penetration of the knowledge of the Mystery of Golgotha with our whole feeling and soul being we can once again acquire a culture of selflessness We can come to understand that what Christ did for the development of the Earth is contained in the fundamental impulse of selflessness and that what he can become for the conscious development of the human soul is the school of selflessness Rudolf Steiner June 1 1914 To read these lectures is to strike out on the heart's path of fellowship with the living Christ This book is a translation from German of Christus und die Menschliche Seele über den Sinn des Lebens Theosophische Moral Anthroposophie und Christentum GA 155 3rd ed Rudolf Steiner Verlag Dornach Switzerland 1994 Cover image Salvator Mundi 1499 1510 by Leonardo da Vinci **Hartmann's**
