## **Atatürk:**

**Atatürk** Patrick Balfour Baron Kinross,1992 The recent events in the Persian Gulf have made it clearer than ever that understanding the history of the Middle East is essential if a solution is to be found for its problems today The story of Mustafa Kemal Atatürk is an important and enthralling part of that history 6 maps *The Father of Modern Turkey* M. Emin Hekimgil,1981 *Atatürk* M. Şükrü Hanioglu,2013-04-07 When Mustafa Kemal Atatürk became the first president of Turkey in 1923 he set about transforming his country into a secular republic where nationalism sanctified by science and by the personality cult Atatürk created around himself would reign supreme as the new religion This book provides the first in depth look at the intellectual life of the Turkish Republic's founder In doing so it frames him within the historical context of the turbulent age in which he lived and explores the uneasy transition from the late Ottoman imperial order to the modern Turkish state through his life and ideas Shedding light on one of the most complex and enigmatic statesmen of the modern era M S kr Hanioglu takes readers from Atatürk's youth as a Muslim boy in the volatile ethnic cauldron of Macedonia to his education in nonreligious and military schools to his embrace of Turkish nationalism and the modernizing Young Turks movement Who was this figure who sought glory as an ambitious young officer in World War I defied the victorious Allies intent on partitioning the Turkish heartland and defeated the last sultan Hanioglu charts Atatürk's intellectual and ideological development at every stage of his life demonstrating how he was profoundly influenced by the new ideas that were circulating in the sprawling Ottoman realm He shows how Atatürk drew on a unique mix of scientism materialism social Darwinism positivism and other theories to fashion a grand utopian framework on which to build his new nation **The Role of Mustafa Kemal Atatürk in the Recent History of Turkey** Nadiia Kudriashova,2019-05-27 Essay from the year 2017 in the subject History Miscellaneous language English abstract The defeat of Germany on the side of which the Ottoman Empire fought in the First World War the military setbacks and discontent in the country and finally the surrender of Turkey in October 1918 put an end to the power of the Young Turks who defended the integrity of the empire The Allies annexed all of its external possessions The question arose what post war Turkey should be In these difficult days the Turkish people led by new leaders whose main goal was the independence of all Turkey took over the decision of the issue On the wave of national patriotic upsurge in April 1920 in Ankara a new Majlis was elected the Grand National Assembly of Turkey The chairman of the Assembly was Mustafa Kemal Pasha known as Atatürk who proclaimed the new body the only legitimate authority in Turkey The problem of the role of Kemal Atatürk in the recent history of Turkey has long attracted the attention of orientalists by its relevance complexity and versatility However it is especially noteworthy that at a critical stage in the development of the Turkish state Kemal Atatürk found the strength courage and talent to re evaluate the role of his country in the world history lead the struggle for national liberation and independent development of Turkey Thanks to this Atatürk eliminated the caliphate was the first among the Turks who turn views towards civilizational Europe and taking advantage of

the fact that the country is fighting for national liberation ended the Sharia the sultanate and the caliphate intensified the policy of Westernization managed to convince the Turks that the secular nature of the state with a careful attitude to the traditions of Islam is the guarantee of the country's further well being He is regarded as a person who sought to turn Turkey to Western culture Thanks to him Turkey has become the only Islamic country that has embarked on the path of democratic development and acceptance of the values of Western civilization

**Mustafa Kemal Atatürk** Ryan Gingeras,2016 Part of The World in a Life series this brief text provides insight into the life of Mustafa Kemal Atat rk By the outbreak of World War II the Republic of Turkey epitomized more than a state bound for better times it aspired to represent the essence of modern politics in the twentieth century To contemporaries of this period Mustafa Kemal Atat rk the country's first president was both the muse and the architect of this radical transformation By the time of his death in 1938 he was regularly compared alongside other luminary statesmen of the post Versailles era Outside of Turkey his name was synonymous with bold leadership and ambitious reform Atat rk's reputation as a man both progressive and iconoclastic greatly augmented his already lofty status as Turkey's premier general and war hero Yet there were some aspects of his life presidency that tempered contemporary admiration for Mustafa Kemal His acclaim and celebrity came with the understanding that he was a dictator with little patience for liberal democracy Atat rk's inability to brook compromise and tolerate opposition engendered acts of violence and oppression that resulted in the deaths of large numbers of his fellow citizens As a whole the legacies of both his achievements and flaws as a leader remain critical to any understanding of modern day Turkey We live in a global age where big concepts like globalization often tempt us to forget the personal side of the past The titles in The World in a Life series aim to revive these meaningful lives Each one shows us what it was like to live on a world historical stage Brief inexpensive and thematic each book can be read in a week fit within a wide range of

curricula and shed insight into a particular place or time Four to six short primary sources at the end of each volume sharpen the reader's view of an individual's impact on world history

**Mustafa Kemal Atatürk** Yuksel Atillasoy, 2013 **Atatürk** George W. Gawrych, 2023-10-19 Mustafa Kemal Atatürk was one of the most significant political leaders of the twentieth century He rose from obscure origins to become the founder of the new Republic of Turkey out of the ashes of the Ottoman Empire and go on to radically transform Turkish society How should one understand Atatürk and his legacy In this book George Gawrych studies Atatürk's career in detail showing how Atatürk married the traits of the classic military man of action with those of the intellectual theorist and pragmatist as a statesman Gawrych places Atatürk in the context of his times to reveal how he harnessed wider forces to set Turkey on a path of secular nationalism and comprehensive modernization His legacy can be seen everywhere in Turkey today from the role and rights of women in society to the struggle for developing a democracy in the Republic Gawrych addresses the costs of Atatürk's policies including the suppression of minorities and the imposition of a cult of personality and authoritarian rule in the name of Turkification The book presents a nuanced analysis of a complex figure who consciously created a living legacy that still casts a shadow over Turkey's political and intellectual discourse

*Turkey and Atatürk's Legacy* Paul B. Henze, 1998 **Quotations from Mustafa Kemal Atatürk** Kemal Atatürk, 1982 *Kemal Atatürk* Hanns Froemberg, 1937 *To Set Them Free* Barbara K. Walker, Filiz Erol, Mine Erol, 1981 A biography of the first President of the Turkish Republic which emphasizes his childhood and early military career

**The Young Atatürk** George W. Gawrych, 2013-04-16 Winner of a 2014 Distinguished Book Award from The Society of Military History and Shortlisted for the 2014 Longman History Today Book Prize Mustafa Kemal latterly and better known as Atatürk is without doubt the most famous figure in modern Turkish history But what was his path to power And how did his early career as a soldier in the Ottoman army affect his later decisions as President The Young Atatürk tracks the lesser covered period of Kemal's life from the War of Independence to the founding of the Republic George W Gawrych shows that it is only by understanding Kemal's military career that one can fully comprehend how he evolved as one of the twentieth century's most extraordinary statesmen Gawrych also contributes to the understanding of Kemal by presenting a systematic and critical analysis of his military writings orders actions and letters as well as his political decisions speeches proclamations and private correspondences Soldiering helped shape Kemal's critical reasoning personal values and emotional intelligence His experiences as an officer and commander forced him to adjust theories to practices in order to solve problems and make decisions But Kemal was a natural political leader and his broad intellectual interests and personal studies helped prepare him for political leadership Gawrych demonstrates that in the last year of the War of Independence Kemal excelled as both Commander in Chief of the Armed Forces and President of the Grand National Assembly of Turkey Gawrych incorporates previously unstudied Ottoman archival documents and is the first Western scholar to conduct extensive research on Kemal in the military archives of the Turkish General Staff This book is essential reading for those seeking to understand the

establishment of the Republic of Turkey and the part that Kemal played in that process **Mustafa Kemal Atatürk and the Republic of Turkey** Charles River Editors, 2019-12-28 Includes pictures Includes a bibliography for further reading In human life you will find players of religion until the knowledge and proficiency in religion will be cleansed from all superstitions and will be purified and perfected by the enlightenment of real science Mustafa Kemal Atatürk The long agony of the sick man of Europe an expression used by the Tsar of Russia to depict the falling Ottoman Empire could almost blind people to its incredible power and history Preserving its mixed heritage coming from both its geographic position rising above the ashes of the Byzantine Empire and the tradition inherited from the Muslim Conquests the Ottoman Empire lasted more than six centuries Its soldiers fought died and conquered lands on three different continents making it one of the few stable multi ethnic empires in history and likely one of the last Thus it is somewhat inevitable that the history of its decline is at the heart of complex geopolitical disputes as well as sectarian tensions that are still key to understanding the Middle East North Africa and the Balkans Despite it all the Ottoman Empire would survive for over 200 more years and in the last century of its life it strove to reform its military administration and economy until it was finally dissolved Years before the final collapse of the Empire the Tanzimat Reorganization a period of sweeping reforms led to significant changes in the country's military apparatus among others which certainly explains the initial success the Ottoman Empire was able to achieve against its rivals Similarly the drafting of a new Constitution Kanun Esasi basic law in 1876 despite it being shot down by Sultan Abdul Hamid II just two years later as well as its revival by the Young Turks movement in 1908 highlights the understanding among Ottoman elites that change was needed and their belief that such change was possible The fall of the Ottoman Empire set the political and geostrategic scene of the new Middle East In 1920 two years after the end of the war the region was already experiencing growing instability The issues and trends that would plague the region until today were growing On April 4 Arab riots broke out in Jerusalem fueled by the growing hostility against the Zionist movement The British passivity would convince one of the Jewish leaders Vladimir Jabotinsky the future founder of the Israeli right wing of the strategic necessity of a strong Jewish military as the core of the future state Just two weeks later in Turkey the Grand National Assembly in Ankara set the foundation of the Turkish state opening the way for several years of reforms In Iraq a Shiite revolt broke out in the south as locals demanded the creation of an Islamic state The British compromise was to place Faisal the son of Sharif Hussein and a Sunni on the throne His father meanwhile was embroiled in a conflict with a local tribe the Ibn Saud that sought to carve a new kingdom in the Arabian Peninsula More broadly the long decline of the sick man of Europe fostered the emergence of nationalistic and ideological movements that are still key to any understanding of the Middle East today The compatibility between the Islamic religion and culture and Western reforms were first discussed within the Ottoman Empire and they are still up for debate today Abdul Hamid's pan Islamism while its results at the time remain limited still resonates within the Muslim world and can still be seen as a viable rival to the region's various

nationalistic aspirations This book examines how the empire collapsed and was replaced by modern Turkey Along with pictures of important people and events you will learn about Atatürk and the founding of Turkey like never before *Atatürk and the Modernization of Turkey* Jacob M. Landau,1984 The papers in this volume were presented and discussed at an international symposium on Atatürk and the modernization of Turkey which was held at Harry S Truman Research Institute for the Advancement of Peace of the Hebrew University of Jerusalem in October 1981 to mark the century of Mustafa Kemal's birth Scholars from six countries France Great Britain Israel Turkey the United States and West Germany examined and discussed Atatürk's lifework and achievements at the symposium in an attempt to evaluate their significance for his own time as well as for post-Kemalist Turkey It is our hope that this volume of proceedings will make a contribution to the understanding of the impact of Atatürk and his followers on Turkey in the twentieth century Preface p ix *Atatürk* Patrick Balfour Baron Kinross,1964 **Strategic Vision of Mustafa Kemal Atatürk** U S Army War College,2015-04-14 Mustafa Kemal Atatürk was the founder of the Republic of Turkey and its first president Among the great leaders of history few achieved so much in so short a period or transformed the life of a nation as decisively or has given such profound inspiration to the world at large His strategic vision can be divided into two parts first in military area and second in the political area Emerging as a military hero at the Dardanelles in 1915 he became the charismatic leader of the Turkish national liberation struggle in 1919 He blazed across the world scene in the early 1920s as a triumphant commander who crushed the invaders of his country As a president for 15 years until his death in 1938 Mustafa Kemal Atatürk introduced a broad range of swift and sweeping reforms in the political social legal economic and cultural spheres virtually unparalleled in any other country
