Athens from Alexander to Antony Christian Habicht, 1997 The conquests of Alexander the Great transformed the Greek world into a complex of monarchies and vying powers a vast sphere in which the Greek city states struggled to survive This is the compelling story of one city that despite long periods of subjugation persisted as a vital social entity throughout the Hellenistic age Christian Habicht narrates the history of Athens from its subjugation by the Macedonians in 338 B C to the battle of Actium in 31 B C when Octavian's defeat of Mark Antony paved the way for Roman dominion over the Hellenistic world For nearly three centuries Athens strove unsuccessfully for sovereignty its foreign policies were shaped by the dictates first of the Macedonian monarchy and later of the Roman republic Yet the city never relinquished control of internal affairs and citizen participation in its government remained strong Habicht lucidly chronicles the democracy's setbacks and recoveries over these years as it formed and suffered the consequences of various alliances He sketches its continuing role as a leader in intellectual life and the arts as Menander and other Athenian playwrights saw their work produced throughout the Greek world and the city's famous schools of philosophy now including those of Zeno and Epicurus remained a stellar attraction for students from around the Mediterranean Habicht has long been in the forefront of research on Hellenistic Athens in this authoritative yet eminently readable history he distills that research for all readers interested in the ancient Mediterranean world

Tracy, 2016-11-29 For a century following the end of the Lamian War in 322 B C Athens harbour at Piraeus was almost constantly occupied by a Macedonian garrison The Macedonian presence dealt a crucial blow to Athenian independence and Athenian democracy initiating the first in a long and intermittent series of foreign occupations The twenty eight papers in this volume are based on an international conference hosted by the University of Athens in May 2001 and focus on various aspects of Athenian art archaeology and history in the century of Macedonian domination They consider Athens new role as a political stepping stone for potential successors to the throne of Macedon Cassander Demetrius Poliorketes and Antigonos Gonatas were each able to secure Macedonia by using Athens as a power base and the ways in which Athenian culture was affected by the Macedonian presence They contribute to the ongoing debate about the reasons for the Macedonian ascendancy the degree of independence accorded Athens by their Macedonian overlords the third century archon list and changes in Athenian art and
