Dominic Delli Carpini

Athene Image And Energy:

Athene Ann Shearer,1998 From the moment Athene sprang full grown from her father Zeus s head a new image of the feminine was born Starting from a penetrating analysis of the goddess s mythologies and beginnings Jungian analyst Ann Shearer examines how mainstream consciousness from the early Church Fathers onward has diluted and even suppressed the original power of the image of Athene photos

Meeting Place Paul Carter,2013-10-01 In this remarkable and often dazzling book Paul Carter explores the conditions for sociability in a globalized future He argues that we make many assumptions about communication but overlook barriers to understanding between strangers as well as the importance of improvisation in overcoming these obstacles to meeting offering novel ways of presenting the philosophical dimensions of waiting meeting and non meeting

From Ancient Myth to Modern Healing Pamela Donleavy,Ann Shearer,2008-06-30 This book is about the energy personified by the classical Greek goddess Themis who brought her divine and natural right order to gods and humans and who still presides over law courts as the figure of Justice In many Western countries today the growing dis ease in minds and bodies of individuals is often echoed in whole communities Rather than coming together they seem to split apart in anger and distress But themis energy is equally powerful and can work to bring together and to heal From the battle of the Titans and Olympians to the oracle at Delphi and the banquet of the gods the stories of the goddess weave through these chapters to illuminate how themis energy is at work today The authors explore psychological healing in individuals and relate this to new research in neurocardiology on the subtle interactions of body and mind They show how the international movement for restorative justice is drawing on the same healing tools to benefit victims and offenders alike And they evoke the extraordinary story of the South African Truth and Reconciliation Commission which shows the world how themis energy can help transform a ravaged society This book deepens understanding of the psychological urge towards healing and wholeness which is as much a part of human beings as the urge to destroy It offers exciting new insights into Jung s unique approach to the relationship between individual and collective psychology It will appeal to psychologists who work with individuals and groups to lawyers and others concerned with the failure of current criminal justice systems and to people involved in religious political and other groups that seek to build communities which can encompass and even celebrate diversity rather than rejecting it in fear

Athena in the Classical World Susan Deacy,Alexandra Villing,2021-10-11 Among ancient Greek deities none has enjoyed as rich a life as Athena goddess of war wisdom and the arts and she continues to fascinate and challenge today This volume sheds light on the goddess more comprehensively than has previously been attempted It brings together the latest research centring on Greek and Roman religion literature and archaeology yet also encompassing ancient Near Eastern Indo European and modern interpretations Cults and myths are explored as are political social and gendered roles and art historical and etymological developments Recurrent themes are investigated as are the many dividing lines and contradictory aspects which characterise representations of the goddess The

volume will enhance our understanding of Athena and will be a source of inspiration for new ideas and interpretations for years to come
