**Croatia and the European Union** Pero Maldini, Davor

Paukovi?,2016-03-09 The accession of Croatia to the EU marked the end of a long and arduous period of transition Croatia had to meet significantly higher criteria than previous states with suspicion and concerns among existing members about further enlargement increasing Meanwhile initially strong public support in Croatia declined as inconsistencies in EU policy entry criteria and problems caused by the economic crisis all combined with fears about the loss of national identity and the ability to realize national interests The successful Croatian accession to the EU in 2013 shows that despite concerns on both sides the EU continues to have meaning and significance and that membership remains highly desirable Through nine mutually interrelated chapters the contributors speak not only about the political and social situation in Croatia but also prospects for the European Union itself

**Security Dealers of North America** ,1929 **The Euro-Atlantic Security System in the 21st Century** Ryszard Zięba,2018-04-25 This book examines the evolution of the Euro Atlantic security system from cooperation to rivalry and crisis since the beginning of the 21st century By highlighting the causes manifestations and international consequences of this evolution the author describes a stage of crisis in the security system characterized by increasing rivalry for spheres of influence militarization of policies and the suspension of cooperation due to the growing divergence between the interests of the West now including the Central European states and Russia leading to a subsequent reconfiguration of the world order Adopting a neo realistic approach the author demonstrates that members of the Euro Atlantic security system irrespective of the values they claim to hold are guided in their actions on the international stage by clearly defined interests The first part of the book analyses the nature of the Euro Atlantic security system while the second part illustrates the limited success of Euro Atlantic collaboration for example in combating terrorism Lastly the third part discusses the consequences of the crisis such as the conflict in Ukraine and prospects for the future evolution of the Euro Atlantic security system
