A Contemporary Autobiography of a Science Educator Scott D. Robinson, 2008-01-01

A Contemporary Autobiography of a Science Educator reminds readers that they teach who they are and understanding who they are is fundamental for meaningful communication and effective classroom instruction. The book is for science educators teacher educators and others who wish to examine their own personal and professional identities in the social and cultural contexts in which their lives are embedded. Just as teaching can be viewed as relationship with others this contemporary autobiography is situated on the significance of relationship with self. As a contemporary autobiography the narrative reveals the author's subjective truths while digging deeply into psychosocial motives of power and intimacy. The author reflects on his personal choices and career decisions that led him into and out of high school science teaching. The book contains stories and reflections from summer work camp experiences undergraduate college days teacher preparation episodes and high school science teaching. Story themes are diversity and leadership group identity and motivation urban teaching and teacher preparation and high school science teaching. These themes evolve out of nuclear episodes of the author's storied life that brings present day understanding and meaning from past actions and interactions. This kind of critical introspection may hold special relevance for teachers teacher educators and others who wish to make their own identities salient and relevant to their own needs and interests as well as the needs and interests of students teacher candidates and clients whom they serve.

Classroom Strategies for Interactive Learning Doug Buehl, 2017

Educators across content areas have turned to Classroom Strategies for Interactive Learning for almost two decades. This fully updated fourth edition delivers rich practical research based strategies that readers have found invaluable in the context of today's classrooms. Doug has written all new chapters that focus on the instructional shifts taking place as the Common Core State Standards are implemented across the United States. These introductory chapters will help you do the following: Understand the research base for comprehension strategies in content classrooms. Learn how to tap into students background knowledge to enhance comprehension of complex texts and build new knowledge. Show learners how to question a text. Teach reading and thinking through a disciplinary lens. At the heart of this edition are more than forty classroom strategies with variations and strategy indexes that identify the instructional focus of each strategy pinpoint the text frames in play as students read and learn and correlate students comprehension processes across the phases of strategy.

implementation In addition each strategy is cross referenced with the Common Core s reading writing speaking listening and language standards
