Common types of command sentences

● Direct command

This is the most common type of command sentence. It's a direct order that's given to the person being spoken to.

For example: "Clean your room."

● Indirect command

An indirect command is a more polite way of giving a command. It's often used in formal situations or when you want to be more polite.

For example: "Could you please turn down the music?"

● Suggestion

A suggestion is not a direct command, but it's still a way of telling someone what to do. It's a less forceful way of giving advice.

For example: "You could try taking a break."
