evidence does point to them being on Earth for eons and it seems are still here It looks as if these advanced beings are involved with humanity There have been several UFO crashes over the last several decades all have been covered up by who It seems the UFO craft technology recovery has led to the development of lasers and integrated circuits The occurrence of animal cattle and anomalous human mutilation is an unsettling phenomenon In some cases UFO s have been reported during the time of these incidents The Chupacabra a combination of legend and myth these creatures look like a Gargoyle but act like a Vampires Farmers from around the world have reported losing livestock wherein the animal is left with two puncture wounds to the neck and all the blood drained alien s pet There are disturbing MIB Men in Black incidents wherein completely innocent people see a UFO then have creepy pasty skin men show up dressed in black suits threaten them In a monotone voice they convey spooky double talk arguments in a verbally pushy way then the MIB s nearly vanish Another topic where sighted UFO s are a factor is crop circles There have been several incidents wherein people witness glowing balls of light over the fields of grain right before the patterns appear caught on video What I see is a universal genetic language using biological field resonance patterns All this points to a conclusion Extraterrestrials are here and have been hanging out on Earth seemingly longer than we have Humanity needs to solidly wrap their head around that Advanced technology used by extraterrestrials is now in the hands of humans By getting those gravity manipulation devices into mainstream scientific laboratories and out of the underground basements D U M B s would change the World If the Extraterrestrials Aliens exposed themselves the current social construct would unwind This would result in dissolving all social racial economic and religious belief differences between people There is defiantly both lighter and darker sides to this phenomenon It s not about proving their existence it s about exposing their agendas no matter good or bad This would help humanity have a deeper connection to each other our planet and the cosmic neighbors This negotiation process needs to begin With U S compartmentalized agencies such as the IPU Interplanetary Phenomena Unit you can t help but ask what s really going on It seems U S Presidents from both sides of the fence have had concerns about these issues here are some quotes Ronald Reagan Quickly our differences worldwide would vanish facing an alien threat from outside of this world Bill Clinton If we felt threatened by a space invader Maybe the only way to unite this increasingly divided world of ours Bob Lazar Element 115 is and extraterrestrial material used in the production of gravity waves All beings can co exist Leaders of humanity can navigate a successful planetary management deal with the advanced beings
