

ESSAY ON NATURE

Nature is everything we see around us. The green trees, bright sun, blue sky, rivers, and mountains make our world beautiful. Nature gives us many gifts like food, water, air, and shelter, which are necessary for our life.

Spending time in nature makes us feel happy and healthy. The singing of birds, the smell of flowers, and the cool breeze bring peace to our mind. That is why nature is called our best friend.

But today, pollution and cutting down of trees are harming nature. We must take care of it by planting more trees, reducing waste, and protecting animals. Saving nature means saving our future.
