

# New research says that shared reading can double reading comprehension for students with intellectual disabilities.

## Here are their key findings:

- 1** Adjusting text content makes reading accessible without losing its value.
- 2** Guided reading helps students work through challenges step-by-step.
- 3** Teaching students how to understand “wh-words” (who, what, where) is especially impactful.
- 4** Tools like e-books can add interactive elements that keep students engaged.
