after Patricia's demise he went into full retirement. His years as retiree are discussed in the last part of the book. Having covered the past, his eyes focus on the future. Peter realizes that his odyssey is not exclusive. Other of his contemporaries with a Holocaust background experienced their own winding journey through life. He resolved to recount his experience because in one sense it was unique: he witnessed the foundation of two states, the unification of the two German states, and the collapse of the Soviet Union. Further, he adapted to environments initially alien to him. The reader will assess whether these Memoirs are worth telling.

**Maybe A Swan Song: Another Trip Down Memory Lane** Peter Ellinger, 2025-04-21. Maybe A Swan Song is a captivating collection divided into two distinct yet complementary parts. The first, Singapore Stories, features six engaging short stories. Four of them relate to episodes from the author's rich experience and compelling insights into the legal world, making them particularly interesting to law students and legal practitioners. Another story follows the author's odyssey as a gourmand, and the final tale involves an animation of some of his porcelain figurines. The second part of the book, Essays by a Non Specialist, showcases essays on subjects that fall within the author's hobbies. From exploration of a saying by James Joyce to a reassessment of Franz Kafka, one of the enigmatic writers of the 20th century. Another intriguing piece delves into biblical critique, analyzing the Old Testament's Book of Job in the context of its composition date and the potential influence of Greek culture and debating techniques of the writer.

Once in a while, we may have a sudden flash of a memory, and you ask yourself, "What made me think of that?" This book helps you go beyond the sudden flash and sit down and think back and remember. What was your favorite Christmas gift? What was your favorite Halloween costume? Who was your favorite teacher? This and so many other questions are provided with space to write out your answers. What do you do with these answers? Appreciate them. Share them with your family. Ask your friends for their answers. Though this book is about you, it can definitely be shared on so many levels.
