Adivasis and the State Alf Gunvald Nilsen,2019-03-21 In *Adivasis and the State* Alf Gunvald Nilsen presents a major study of how subalternity is both constituted and contested through state society relations in the Bhil heartland of western India The book unravels the historical processes that subordinated Bhil Adivasi communities to the everyday tyranny of the state and investigates how social movements have mobilised to reclaim citizenship In doing so the book also reveals how collective action from below transform the meanings of governmental categories legal frameworks and universalising vocabularies of democracy At the core of the book lies a concern with understanding the dialectics of power and resistance that give form and direction to the political economy of democracy and development in contemporary India Towards this end *Adivasis and the State* contributes a sustained and nuanced Gramscian analysis of hegemony in order to interrogate the possibilities and limits of subaltern political engagement with state structures

The Pioneer Mail and Indian Weekly News ,1922 *Thailand and the Southeast Asian Networks of The Vietnamese Revolution, 1885-1954* Christopher E. Goscha,2013-09-05 Christopher Goscha resituates the Vietnamese revolution and war against the French into its Asian context Breaking with nationalist and colonial historiographies which have largely locked Vietnam into Indochinese or Nation state straightjackets Goscha takes Thailand as his point of departure for exploring how the Vietnamese revolution was intimately linked to Asia between the birth of the Save the King Movement in 1885 and the Battle of Dien Bien Phu in 1954 But his study is more than just a political history Goscha brings geography to bear on his subject with a passion While he considers the little known political movements of such well known faces as Phan Boi Chau and Ho Chi Minh across Southeast Asia the author takes us into the complex Asian networks stretching from northeastern Thailand and the port of Bangkok to southern China and Hong Kong and beyond There we see how Ho and Chau drew upon an invisible army of Vietnamese and Chinese traders criminals prostitutes sailors and above all the thousands of emigres living in Vietnamese communities in Thailand
