Excerpt from Amusing Prose Chap Books Chiefly of Last Century OF late years there has been a largely increasing interest on the subject of folklore in its various departments In such respects there has been a very considerable change in the feelings and tastes of the educated middle class population of this country from what there was several generations ago Formerly the educated classes appeared to think that any thing relating to the tastes or ideas of the common people was of very little interest And in the course of some two hundred years back leaving out the present time the number of writers who thought it worth their while to deal with such topics were not much more than a dozen in number including such men as Aubrey Bourne Brand Hone Strut Halliwell etc Now all that is changed and it has been discovered that much of extreme interest can be learned from the superstitions habits beliefs tastes customs ideas amusements and general social life of the uneducated or lower classes of previous times Not the least interesting or least important of the many sources from which information on these and similar matters can be obtained is that of the people s earliest popular literature namely the chap book Beginning at little after the commencement of the eighteenth century and continuing for over a hundred years afterwards right up to the general introduction and use of cheap magazines and cheap newspapers the chap book was almost the only kind of reading within the reach of the poorer portion of the nation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
