An Idea Of Art:

Art for Art's Sake John Charles Van Dyke, 1893 **Design and the Idea** Allen Tucker, 1930 *The Great Ideas ART*
Encyclopaedia Britannica, 2015-07-01 Seventy years ago Mortimer Adler sat down at a manual typewriter By his side was a list of authors a pyramid of books and 102 great ideas the 102 objects of thought that have collectively defined Western thought for more than 2 500 years He began writing in alphabetical order beginning with Angel and ending with World The essays originally published in the Syntopicon were and remain the centerpiece of Encyclopaedia Britannica s Great Books of the Western World These essays never before available except as part of the Great Books are according to Clifton Fadiman Adler s finest work Each essay War and Peace Love God Truth treats each idea as if the original authors from Homer to Freud from Marcus Aurelius to Virginia Woolf whose writings the ideas are drawn from were sitting around a table deep in conversation His purely descriptive synthesis presents the key points of view on almost 3 000 questions without endorsing or favoring any one of them More than a thousand pages containing more than half a million words on more than two millennia of Western thought The Great Ideas is a fitting capstone to the career of Mortimer J Adler The actual writing of the essays took 26 months seven days a week and no vacations or recesses Writing the 102 essays was like writing 102 books I think it was the most arduous and demanding stint of writing I have ever undertaken Mortimer J Adler Camera Work ,1913

One and Five Ideas Terry Smith, 2017-01-06 In *One and Five Ideas* eminent critic historian and former member of the Art Language collective Terry Smith explores the artistic philosophical political and geographical dimensions of Conceptual Art and conceptualism These four essays and a conversation with Mary Kelly published between 1974 and 2012 contain Smith s most essential work on Conceptual Art and his argument that conceptualism was key to the historical transition from modern to contemporary art Nothing less than a distinctive theory of Conceptual and contemporary art *One and Five Ideas* showcases the critical voice of one of the major art theorists of our time **Art and Theory of Art** Rudolf Steiner, 2021-10-19 *An Author s Summary* 1888 *Four Essays* Written between 1890 and 1898 *Eight Lectures* between 1909 and 1921 CW 271 The challenge of saying something about art was personal for Rudolf Steiner He experienced it as deeply connected with his biography It is not for nothing that in the last lecture of this volume he points to his repeated attempts to develop a new approach and new forms of expression for speaking about art We find at least three forms of this attempted approach in this book Zvi Szir from the introduction The subject practice and vital importance of art was a thread that ran through Rudolf Steiner s life from his early work as a scholar of Goethe through his time as an editor of a literary and arts journal in Berlin in the 1890s and to his two and a half decades as a spiritual researcher and teacher Understanding and articulating the significance of art was a perennial challenge for Rudolf Steiner This volume of Steiner s *Collected Works* is unique in that it showcases a survey of both early written works and later lectures to anthroposophic audiences and in doing so presents a picture of a lifetime of intensive effort to convey something essential about the arts Beginning with his early

philosophical work and literary criticism at the end of the nineteenth century and on into his later lectures this volume follows Steiner's endeavor to reveal in words the mystery obscured by the vague concept of what art is Viewed as a whole this volume forms one of the most provocative collections of the twentieth century on the subject of art It offers a unique analysis of the origin foundation and method of the creative process This book is a translation of *Kunst und Kunsterkenntnis Grundlagen einer neuen Sthetik* 3rd edition published by Rudolf Steiner Verlag Dornach Switzerland 2010 GA 271
