Life-Writing from the Margins in Zimbabwe Oliver Nyambi, 2019-05-20 This book explores the unique contributions of various forms of post 2000 life writings such as the autobiography epistles and biographies to discourses about the nature and socio politics of what has become known as the Zimbabwean crisis c 2000 2009 Much of what has been written about the Zimbabwean crisis a decade long period of unprecedented economic collapse and political upheavals in the southern African country is strictly discipline specific and therefore limited to unidimensional modes of theorising the crisis s many and complex dimensions and dynamics In this context this book charts a paradigm shift in hermeneutic and epistemological approaches to comprehending the Zimbabwean crisis *Life Writing from the Margins in*

Zimbabwe centres the experiences and memories of ordinary Zimbabweans in pluralizing modes of seeing and knowing the crisis. The book argues that these life writings present a rich site for encountering versions of the crisis that relate in counter-discursive ways to the dominant state-authored narrative of the nation in crisis. Oliver Nyambi's analysis contributes new ideas to ongoing debates about how cultural texts reflect on the postcoloniality of both power and experiences and negotiations of power in the context of crisis. This book will be of interest to scholars and students of African literature, Zimbabwean African studies, postcolonial literature, life writing and cultural studies.

Organizations and Popular Culture Carl Rhodes, Simon Lilley, 2013-09-13 Throughout its history popular mass-mediated culture has turned its attention to representing and interrogating organizational life. As early as Charlie Chaplin's cinematic classic *Modern Times* and as recently as the primetime television hit *The Simpsons* we see cultural products that engage reflexively in coming to terms with the meaning of work, technology and workplace relations. It is only since the late 1990s however that those who research management and organizations have come to collectively dwell on the relationship between organizations and popular culture, a relationship where the cultural meanings of work are articulated in popular culture and where popular culture challenges taken-for-granted knowledge about the structure and practice of work. Key to this development has been the journal *Culture and Organization*, a journal that has been centre stage in creating new vistas through which the cultural studies of organization can be explored. This book brings together the journal's best contributions which specifically address how popular culture represents, informs and potentially transforms organizational practice. Featuring contributors from the UK, USA, Europe and Australia, this exciting anthology provides a comprehensive review of research in organization and popular culture.

The Opera Glass, 1894 **Spiritmist** Herman Arthur Haubold, 1909 *Opera Glass*, 1894 *Scribner's Magazine* Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1898 *Adventure, Mystery, and Romance* John G. Cawelti, 2014-02-07 In this first general theory for the analysis of popular literary formulas, John G. Cawelti reveals the artistry that underlies the best in formulaic literature. Cawelti discusses such seemingly diverse works as Mario Puzo's *The Godfather*, Dorothy Sayers's *The Nine Tailors* and Owen Wister's *The Virginian* in the light of his hypotheses about the cultural function of formula literature. He describes the most important artistic characteristics of popular formula stories and the differences between this literature and that commonly labeled high or serious literature. He also defines the archetypal patterns of adventure, mystery, romance, melodrama and fantasy and offers a tentative account of their basis in human psychology.

Peking Juliet Bredon, 1920 *The Films of the Seventies (1970s)* William J. Palmer, 1987 *Routledge Library Editions: Milton* Various, 2021-07-14 This set of 9 volumes originally published between 1965 and 1991 amalgamates a wide breadth of research on John Milton with a particular focus on his epic poem *Paradise Lost*. This collection of books from some of the leading scholars in the field provides a comprehensive overview of how Milton criticism has evolved over time and will be of particular interest to students of English Literature.
