one of the few that truly does focus on the early development years Additionally it is one of the only texts that has the multicultural emphasis Keri Maxwell West Virginia University I use the text because it is the only one that I have found with a true multicultural focus throughout not just a multicultural chapter at the end of the book The Writing is excellent especially helpful are the examples and vignettes The book gives multiple examples of how content is applied gives a review of important points and gives application ideas at the end of each chapter A strength of Chapter 18 is looking at family issues poverty oppression etc and going through the different age ranges covered in this book That helped to integrate that knowledge about families and apply it across ages Sandra Newcomb University of Maryland College Park Excellent text The author has done an outstanding job of presenting key concepts in a readable understandable and relational way Excellent Research into Practice feature Marilee Cosgrove California State University Fullerton SMILE Mainstreaming Resource Guide Central Pennsylvania Special Education Resource Center,1980 **Behavior Modification and Special Education** Lee H.
