**Christian Emperors and Roman Elites in Late Antiquity** Rita Lizzi Testa,2022-04-28 This book brings together a number of case studies to show some of the ways in which as soon as the Roman Senate gained new political authority under Constantine and his successors its members crowded the political scene in the West In these chapters Rita Lizzi Testa makes much of her work the fruit of decades of research available in English for the first time The focus is on the

aristocrats' passion for aruspical science, the political use of exphrastic poems and even their control of the hagiographic genre in the late sixth century. She demonstrates how Roman senators were chosen as legates to establish proactive relations with Christian emperors, their ministers and military commanders and Eastern and Western provincial elites. Senators wove a web of relations in the Eastern and Western empires, sewing and stitching the empire's fabric with their diplomatic skills, wealth and influence, while lively and highly litigious assembly activity still required of them a cultured rhetoric. Through employing astute political strategies, they maintained their privileges, including their own beliefs in ancient cults. Christian Emperors and Roman Elites in Late Antiquity provides a crucial collection for students and scholars of Late Antique history and religion and of politics in the Late Roman Empire. *Construction in Action (masonry)* Ama Tu (pseud.), 1928

A companion to *Symbolism: A Comprehensive Dictionary* 2012, this volume presents symbols and their referents in reverse association but is not simply a reconfiguring of information. Ethnic, literary, artistic, religious, heraldic, numerological, folkloric, occult and psychological usages are included.

**Hell Hath No Fury** Karen Wiesner, 2024-12-12 Hell hath no fury like a woman scorned. Just out of college, Belladonna Mateo has invested with her two childhood best friends, Ori Williams and Marsh Crichton, in opening a boutique in Madison, Wisconsin, that specializes in their combined unique talents. When her mother dies suddenly, Bella's share of the investment dwindles to nothing, and all their plans seem in jeopardy. That is, until Bella learns she's inherited an old ruin of a house in Bloodmoon Cove. Without the financial means to otherwise go forward with their career plans, the house seems like a boon. While the town is little more than a speck on the map in Erie County, the northern Wisconsin location has some business potential, considering there's nothing like what they'll be offering for an hour in any direction. The house is certainly big enough to provide not only the workshop and retail space they require but also living space for all three of them, including Bella's younger half brother. When he visits, Bella and Marsh travel to Bloodmoon Cove to get things set up, finding only minor renovation is needed despite that the imposing tower was damaged in a lightning storm more than 50 years ago, and there may be toxic mold in the attic. Bella and Marsh joke about the house being haunted because of weird disturbances, but Bella can't shake that one ghost, in particular, is trying desperately to communicate with her. Her great grandfather was an illegal alien who left Cuba to escape a suicidally unhappy girl with just one solace in her life.
