ideas throw light on a wide range of life change events and have proved useful to people faced with bereavement physical disabilities dying disasters and even terrorist attacks In recent years he has supported humanitarian efforts in countries including Rwanda India and Japan Parkes career has spanned several decades and touched countless lives In *The Price of Love* Parkes presents papers which span the full extent of his career covering and linking together our understanding of the five major areas of his work Love and grief Crisis trauma and transition Death and dying Disasters War and terrorism breaking the cycle The papers included here have been carefully selected and annotated to show how Parkes thinking has developed during a career as researcher practitioner and educator In each section of the book psychological and social causes are paired with consequences and interventions both preventive and therapeutic and explored from Western and cross cultural perspectives all with Parkes customary clarity and compassion This unique collection of papers will prove invaluable to psychologists psychiatrists palliative care staff counsellors and students as well as those studying international conflict and working with the bereaved

The Challenges of Theories on Democracy Stein Ugelvik Larsen, 2000 In the introduction to *The Second Sex* Simone de Beauvoir notes that a man never begins by establishing himself as an individual of a certain sex his being a man poses no problem Nancy Bauer begins her book by asking Then what kind of a problem does being a woman pose Bauer s aim is to show that in answering this question *The Second Sex* dramatizes the extent to which being a woman poses a philosophical problem This book is a call for philosophers as well as feminists to turn or return to *The Second Sex* Bauer shows that Beauvoir s magnum opus written a quarter century before the development of contemporary feminist philosophy constitutes a meditation on the relationship between women and philosophy that remains profoundly undervalued She argues that the extraordinary effect *The Second Sex* has had on women s lives then and now can be traced to Beauvoir s discovery of a new way to philosophize a way grounded in her identity as a woman In offering a new interpretation of *The Second Sex* Bauer shows how philosophy can be politically productive for women while remaining genuinely philosophical **Anticancer Research** ,1981
