 African Americans This book is about four families my mother and father s families and my husband s mother and father s
 families dating back to the era before slaves were brought out of Africa Historically our families evolved on a continuous
 basis and have proven to have been strong resilient people whose hopes and dreams were not easily squelched We have
 researched the backgrounds of these relatives who were a part of the Atlantic slave trade because I want my children and
 grandchildren as well as the world to know who their ancestors were I want them to know under what circumstances they
 came to America and finally became citizens with voting rights educational and financial privileges marital rights and
 freedom I want to clear up the misrepresentation and confusion of facts about slavery and the black man s worth Slaves over
 the last two thousand years have become a misnomer to our young people s minds and there is little knowledge of this period
 Many civilizations and nations have been involved in slavery during the course of history Contemporary records and archival
 documents were sought in an effort to reach greater heights of authenticity enhance ancestral reality and relate the facts to
