Black Star One:

Blackstar Rising and the Purple Reign Daphne A. Brooks, 2026-03-07 *Blackstar Rising and the Purple Reign* brings together scholars, journalists, and artists in the first critical anthology dedicated to exploring the legacies of two music icons who fundamentally changed pop culture in the modern era: David Bowie and Prince.

Under a Black Star Amari Johnson, 2025-06-24 *Uncovering the spirit of freedom and self-determination in New Orleans* In *Under a Black Star* Amari Johnson explores what he defines as the maroon impulse among the BlackStar Community in the Algiers neighborhood of New Orleans. This community sought autonomy for Black people facing systemic marginalization through denied employment, insufficient education, and a housing crisis following Hurricane Katrina, establishing initiatives such as Kamali Academy, a homeschool collective, and BlackStar Books and Caff, a bookstore and gathering place. Instead of appealing to the city, they built the community they desired by employing legacies of marronage, disengagement, flight, and reengagement. An active participant in the physical and ideological development of these autonomous spaces, Johnson provides nuanced insights into the community's work toward liberation and self-determination. Demonstrating that marronage is a cultural tradition throughout the African Diaspora, he focuses on the transtemporal maroon process to show how it is central to the pursuit of autonomy, community, and freedom. From the swamps of southeastern Louisiana across urban obstacles and into BlackStar's creative spaces, Johnson's path leads him to ask: How did the New Orleans community mobilize the tradition of marronage to create autonomous spaces amid gentrification? What forms might the maroon impulse take in the twenty-first century? This dynamic ethnographic memoir ultimately illuminates marronage as a potent form of liberatory potential, offering strategies for similar communities across the country and around the world.

The Clock Shop Richard Ashland, 2006-02 Rikker felt his gut tightening up. After thirty years as an intelligence officer, he always thought six steps ahead of everyone else. He always knew what to expect, and most of the time he was right. He didn't like surprises and avoided them by being better than the other guy. But this was different; he'd been caught off guard, and he had no idea of what to expect. In the back of his head, he could hear Mary's voice saying, "What if Charles? What if Colonel Charles Rikker is too logical to believe that anything mysterious or dark has entered his life?" He'd risked his life for countless covert operations, and he has always known the risks involved. But this journey is only a project, a simple trip to find an antique grandfather clock. His mind is as fit as his body, but nothing could prepare Charles for the Emit Levart Clock Shop. The entire world has heard and seen reports of the unexplained deaths of some of the world's most prominent scientists and engineers, and also of America's favorite billionaire. But Charles learns the horrifying truth only because it came to him in the clock shop. He doesn't know why he has been chosen, but he does know that if he tries to explain the peculiar circumstances, no one will believe him anyway.
