Walsh,2010-05-06 A new take on the impact of war on the London art and literary scene and the emergence of modernism first published in 2010 *Portraits from Life* Jerome Boyd Maunsell,2018 In a series of biographical case studies *Portraits from Life* examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies **Blasting & Bombardiering. [With Plates, Including Portraits.]** Wyndham Lewis,1967 *Yeats's Worlds* David Pierce,1995-01-01 *Blasting and Bombardiering. Wyndham Lewis* Wyndham Lewis,1937 *Make It New* Kurt Heinzelman,2003 What was Modernism and why does it still matter The term itself first gained currency in the 1930s describing a kind of art that already may have peaked some would say as early as 1922 Whatever its ups and downs in its own time as the novelist Julian Barnes claims in one of the twenty essays commissioned for the present volume Modernism never vanished It remains our immovable feast Modernism was international in scope it left its mark on all genres from literature and painting to opera dance and architecture it pushed the boundaries of what was artistically possible and aesthetically important and finally for all its destructive urges which it shared with the century itself it was also celebrative This book is a response to the exhibition of the same name that opened at the Harry Ransom Center in October 2003 It includes original essays by such noted writers and artists as Russell Banks Anita Desai David Douglas Duncan Elizabeth Hardwick and Penelope Lively which offer fresh perspectives on important Modernist figures including William Gaddis Ezra Pound William Faulkner E M Forster Paul Robeson Virginia Woolf Henry James Joseph Conrad Frank Lloyd Wright and Le Corbusier In addition essays by leading scholars in literature and art history focus on specific artifacts included in the exhibit As the Center s Director Thomas F Staley puts it in the Foreword Ours is an attempt not of definition but of discovery and rediscovery Book and exhibition permit both reader and viewer to experience the textures structures and resonances which made the first part of the twentieth century so innovative that its art is still virtually synonymous with what newness means *Masterplots II* Frank Northen Magill,1989 This series includes contributions from authors worldwide in the areas of autobiography memoirs philosophy literary theory anthropology psychology and other subjects written for the nonspecialist The works included in this set have had a profound effect on modern culture Examples of titles include Richard Wright s *Black Boy* Norman Mailer s *Of a Fire on the Moon* Simone de Beauvoir s *Le Deuxieme Sexe* Thomas S Kuhn s *The Structure of Scientific Revolutions* and Betty Friedan s *The Feminine Mystique* Works by prominent thinkers such as Sigmund Freud Carl Gustav Jung Aleksandr Solzhenitsyn and Ludwig Wittgenstein are also included As in all *Masterplots II* series there is no duplication of titles within any other *Masterplots* collection **Blasting the Future** Jonathan Black,2004-03-26 The time is ripe for a fundamental reassessment of the

impact that Futurism had on British culture and of Vorticism the specifically British avant garde movement inspired by the founder of the Italian Futurist movement Filippo Tommaso Marinetti This text which accompanies an exhibition at the Estorick Collection of Modern Italian Art combines novel material and original research to provide a coherent overview of Futurism and Vorticism before during and after World War I The exhibition is the first major showing by the movement since 1974 and the text illustrates works in a wide range of media by England s only Futurist C R W Nevinson and by the core of artists associated with Vorticism Wyndham Lewis Edward Wadsworth Frederick Etchells William Roberts Henri Gaudier Brzeska Jacob Epstein and Jacob Kramer The influence exerted on these artists by the Italian Futurists Umberto Boccioni Giacomo Balla Gino Severini and the mercurial impresario of Futurism Marinetti is explored fully The works illustrated are from a range of prominent public and private collections a number having never previously been exhibited Virtual Marshall McLuhan Donald F. Theall,2001 Marshall McLuhan was a satirist and prophetic poet who explored subjects from the occult and the esoteric to everyday popular culture and the emerging digital revolution Written in an accessible engaging manner The Virtual Marshall McLuhan sheds new light on McLuhan s goals and the background to his influential writings Vorticism and the English Avant-garde William Charles Wees,1972 Blasting and Bombardiering Wyndham Lewis,1982 **Gazette of the Grolier Club** Grolier Club,1929 Promise of Greatness George A.
