Bleak Houses Timothy J. Brittain-Catlin, 2014-02-07 Why some architects fail to realize their ideal buildings and what architecture critics can learn from novelists The usual history of architecture is a grand narrative of soaring monuments and heroic makers But it is also a false narrative in many ways rarely acknowledging the personal failures and disappointments of architects In Bleak Houses Timothy Brittain Catlin investigates the underside of architecture the stories of losers and unfulfillment often ignored by an architectural criticism that values novelty fame and virility over fallibility and rejection As architectural criticism promotes increasingly narrow values dismissing certain styles wholesale and subjecting buildings to a Victorian litmus test of real versus fake Brittain Catlin explains the effect this superficial criticality has had not only on architectural discourse but on the quality of buildings The fact that most buildings receive no critical scrutiny at all has resulted in vast stretches of ugly modern housing and a pervasive public illiteracy about architecture **Bleak Houses**

literary studies *The Oxford Handbook of Charles Dickens* Robert L. Patten, John O. Jordan, Catherine Waters, 2018-09-13
The Oxford Handbook of Charles Dickens is a comprehensive and up to date collection on Dickens's life and works. It includes original chapters on all of Dickens's writing and new considerations of his contexts from the social, political, and economic to the scientific, commercial, and religious. The contributions speak in new ways about his depictions of families, environmental degradation, and improvements of the industrial age, as well as the law, charity, and communications. His treatment of gender, his mastery of prose in all its varieties and genres, and his range of affects and dramatization all come under stimulating reconsideration. His understanding of British history, of empire and colonization of his own nation and foreign ones, and of selfhood and otherness like all the other topics is explained in terms easy to comprehend and profoundly relevant to global modernity.

Reaping Something New Daniel Hack, 2016-11-22
How African American writers used Victorian literature to create a literature of their own. Tackling fraught but fascinating issues of cultural borrowing and appropriation, this groundbreaking book reveals that Victorian literature was put to use in African American literature and print culture in the nineteenth and early twentieth centuries in much more intricate, sustained, and imaginative ways than previously suspected. From reprinting and reframing *The Charge of the Light Brigade* in an antislavery newspaper to reimagining David Copperfield and *Jane Eyre* as mixed race youths in the antebellum South, writers and editors transposed and transformed works by the leading British writers of the day to depict the lives of African Americans and advance their causes. Central figures in African American literary and intellectual history, including Frederick Douglass, Frances Ellen Watkins Harper, Charles Chesnut, Pauline Hopkins, and W. E. B. Du Bois, leveraged Victorian literature and this history of engagement itself to claim a distinctive voice and construct their own literary tradition. In bringing these transatlantic transfigurations to light, this book also provides strikingly new perspectives on both canonical and little-read works by Charles Dickens, George Eliot, Tennyson, and other Victorian authors. The recovery of these works, African American afterlives illuminate their formal practices and ideological commitments and force a reassessment of their cultural impact and political potential. Bridging the gap between African American and Victorian literary studies, *Reaping Something New* changes our understanding of both fields and rewrites an important chapter of literary history.

Bleak House Charles Dickens, 2020-08-11
The term Bleak House refers to two different houses: the one owned originally by John Jarndyce to which Ada, Esther, and Richard come to live with him, and the second Bleak House built for Esther and her husband at the end of the book. That said, the Bleak Houses in *Bleak House* are not bleak at all. They are happy houses. The title of the book is more indicative of the social ills and hypocrisy that Dickens addresses in it. Sir Leicester Dedlock is introduced as the height of British Aristocracy. He has a home in rural Lincolnshire called Chesney Wold. His beautiful wife lives with him and is the apex of the fashionable world. She hides a terrible secret: before she met Sir Leicester, she bore an illegitimate child with her lover, Captain Hawdon. She thinks that child has died. This child, Esther Summerson, has been raised by her godmother, who she finds out is really her aunt. After this

aunt dies Esther is given into the care of a guardian Mr John Jarndyce a kindly man who educates her and brings her to his house to be the companion of his other ward Ada Clare
