BOOKLIST JULY 1999 Other authors have documented the foods of America's Southwest but none have so lovingly drawn the intimate connections between this kind of cooking and the society from which it springs Thorpe and Engels have organized their recipes by seasons to show how the people the land and the food come together to bring life to the area's inhabitants Their cuisine is a simple one lacking the sophistication of cooking south of the border For example their mole sauce for chicken calls for just peanuts and chili powder instead of the long inventory of nuts seeds and chiles required in Oaxaca Many of the recipes include a note on herbal medicine others have short reflections on the recipe's significance in the family still others conclude with an apothegm of local folk wisdom
