Correspondence A Novel:

The Correspondence Evelin E. Sullivan, 1993 Alex Merry star of stage and screen died a tragic and untimely death in 1988 Clearly no one would be better suited to write his biography than George Fowler his long time friend Fowler might be an avant garde writer known only in literary circles but who knew Merry better than he Fowler s account however is no standard biography Of course he writes about all the women who passed through Alex s tumultuous love life and his rise to fame But we also learn about George Fowler and his own struggle as a writer And in the course of the telling we discover more and more about the complex intimate relationship between George and Alex a relationship that speaks movingly about the true nature of friendship of love and their consequences Intertwined in the narrative is the fictitious correspondence which the two friends kept up for over twenty years playfully recasting the facts of their lives as coded truths In the letters Alex plays the self important adventurer while in real life the former philanderer falls tragically in love George takes on the bitingly satirical persona of an alienated poet tormented by solitude and the failure of creativity During the course of the novel the characters motives are progressively unmasked and the reader is led to consider just how much we can ever know about one another or about ourselves Heartbreaking but also hilariously funny **The Correspondence** is a brilliant portrayal of obsession the peculiarities of romantic and sexual attraction and the madness of love written by a masterful and remarkably inventive storyteller

Love Letters and the Romantic Novel during the Napoleonic Wars Sharon Worley, 2017-01-06 Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy The standard texts so to speak which were written by major authors who inherited this Enlightenment bearing responded to the emerging concepts of love found in novels and philosophical essays Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel Germaine de Staël Juliette R camier Chateaubriand Benjamin Constant Lady Emma Hamilton Napoleon Bonaparte and his brother Lucien Bonaparte were the authors and recipients of some of the most passionate love letters of this period They were also avid readers of the newly emerging genre of the romantic novel and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes and heroines In addition these authors had lived through the recent French Revolution and the Terror Imprisoned during the Revolution or branded as emigrés upon their return to Paris their mature adult lives were spent in the shadows of the Napoleonic wars in which they shifted political loyalties as the specter of Napoleon s powers grew from First Consul to Emperor of Europe The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love happiness and suicide Their evolving concept of love was a romantic all consuming passion which gripped the lovers in fatal embraces This book s analysis of their love letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism
