## A Faraway Sun:

A Faraway Sun Frank J. Pettinelli, 2002-04      Gravity of a Distant Sun R. E. Stearns, 2020-02-18 Adda and Iridian have survived the murderous AI that tried to kill them in Barbary Station and an evil megacorporation in Mutiny at Vesta but now they'll need all of their ingenuity to make it to the end of this epic trilogy Adda Karpe and Iridian Nassir are on the run both from the authorities who want to imprison them and the artificial intelligence that want to control their minds Trapped on a desolate black market space station on the edge of Jupiter they're nearly out of allies and out of luck Now they have one last shot to find a safe haven where they can live together in peace across the interstellar bridge to another galaxy Getting onto that mission will take everything they've got and more But on the other side of that bridge lies the life they've always dreamed of if they can survive long enough to reach it
