re think their relationship to appetite in the globalized world Examining the many guises and figurations of hunger in literature and the arts this book gives an overview of the themes that emerge from the idea of the Hunger Artist alongside the fact of food the latter's significance as a barometer of social class its rich source as a metaphor in literature and art its unequal distribution throughout the world and the means by which its consumption can lead to gluttony and further exploitation of the hungry One of the great strengths of this book is the trans disciplinary nature of the contributions achieved by mapping how the arts in their representation of social psychological political and philosophical perspectives draw attention to the problems associated with excessive human cravings *Judith Wright* Jennifer Strauss,1995 Judith Wright is not only one of the most significant and best loved of Australian twentieth century poets with a reputation both at home and abroad She is a major figure as a literary intellectual actively engaged in some of the most challenging issues facing Australian society notably environmental protection and land rights for Aborigines This study looks at her poetry in the context of her work as activist and as critic and offers a reading of her poetry as a central aspect of her work but one always intrinsically connected to her view of what is important in the totality of human life Because she has stated that she will write no more poetry and has kept to that decision it is now possible to see the work of this Australian writer in its completed pattern The critical discussion is accompanied by a chronology of her life and a Select Bibliography Critical Essays on Judith Wright Andrew Kilpatrick Thomson,1968 Essays by A K Thomson Philip Lindsay R F Brissenden Vincent Buckley T Inglis Moore James McAuley **A.
