endings but were published in the following order Book 1 Hunting the Crossbow Killer Book 2 Vanished in the Mist Book 3 The Lawman's Deadly Bargain *Deadly Bargain* Sam Phillips, 2013-09-24 Financial consultant Rick Cunningham and his wife talk show host Diana Ellis are badly shaken with the news of her mother's kidnapping from her Palm Beach Bridge Club. To spare her life Diana's famed oncologist father is whisked away to perform a cure on the dying perpetrator of the crime. In the meantime Rick and Diana's search for her mother leads them to a securities brokerage firm. It is there that they confront the cancer patient's business partner Mo Morgan and learn of a giant fraud that is about to lose their investors as well as Rick's bank billions. Risking their lives they begin connecting the pieces and are themselves drawn into Morgan's mysterious world of sexual perversion and death. *Mystery Women, Volume Three (Revised)* Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live. Of course mystery readers do not share one simplistic world. They live in urban suburban and rural areas as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor young or old conservative or liberal. So are the heroines. What incredible choices there are today in mystery series. This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu the descriptions of the items that are provided are subjective. Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999. This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979. It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008. *The Scientist's Son* SB James, 2014-11-18 Ethan Stanwood may have prevailed over dangerous foes before but his troubles are just beginning in Book 2 of this paranormal Steampunk series. Ethan arrives in Rome but his enemies have followed him there Professor Colbourne being among them. Colbourne is still intent on getting the prototype that Ethan has been tasked with protecting and returning to his father. But his father's actions and secrets catch up to Ethan causing chaos and danger wherever he goes. It is not only Ethan's father whose life has been shrouded in secrecy but his deceased mother as well. A friend of his mother's family has returned to help Ethan presumably at the behest of the Order of the Crystal Star. He says his intentions are pure but his actions may just prove otherwise with terrible consequences. And in the shadows Aloysius Hardwick who seeks to turn Ethan to the darkness discovers that he is not the only one of his kind with the same intentions. To protect his claim on the Stanwood family Hardwick will go to any lengths and kill anyone.

necessary to keep Ethan in his eventual control
