## Capital City:

**Capital City** Samuel Stein, 2019-03-12 This superbly succinct and incisive book on urban planning and real estate argues gentrification isn't driven by latte sipping hipsters but is engineered by the capitalist state Michael Sorkin author of *All Over the Map* Our cities are changing Around the world more and more money is being invested in buildings and land Real estate is now a 217 trillion dollar industry worth thirty six times the value of all the gold ever mined It forms sixty percent of global assets and one of the most powerful people in the world the former president of the United States made his name as a landlord and developer Samuel Stein shows that this explosive transformation of urban life and politics has been driven not only by the tastes of wealthy newcomers but by the state driven process of urban planning Planning agencies provide a unique window into the ways the state uses and is used by capital and the means by which urban renovations are translated into rising real estate values and rising rents *Capital City* explains the role of planners in the real estate state as well as the remarkable power of planning to reclaim urban life *Measuring the Real Size of the World's Economy* World Bank, 2013 This work is a product of the staff of The World Bank with external contributions T p verso **East Bay Municipal Utility District, Supplemental Water Supply Project**, 2000 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986, 1988 **Publication**, 1994 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States.
