Capon Valley Sampler:

Capon Valley Sampler Willard Wirtz, 1990 In 1968 the U S Secretary of Labor and his wife purchased a farm in the Capon Valley in Appalachia s foothills a hundred miles west of Washington and began taking weekend refuge from political aggravation Relieved a few months later by popular demand the ex Secretary puts it of formal obligation the Wirtzes found themselves dropping out more and more from capital affairs and becoming increasingly attached to the little community of Yellow Spring West Virginia unincorporated Wirtz who describes himself as a congenial scribbler flirted only briefly with the suggestion of writing about his eight years in the government He became interested instead in the history of Yellow Spring and the Capon Valley Most families in the area trace their lines back seven or eight generations but the Capon Valley hasn t been noticed much and its history is almost entirely homespun and handed down *Capon Valley Sampler* pulls together various pieces of this story One sketch pursues the report that George Washington surveyed here Another on the French and Indian War raises some questions about American apartheid Wirtz unravels the intriguing story of the Capon Valley s mixed up place in Civil War history traceable to a ballot box fraud that historians have tried to conceal The role of religion in the valley focuses on the Hebron Lutheran Church probably the oldest surviving congregation west of the Blue Ridge and the tireless service of Methodist circuit rider Francis Asbury The hero of the piece on Mountain Spirits is Tilbury Orndorff who may or may not have been a reformed moonshiner The sketches follow the history of the Davis family who started living in 1838 in the house the two intruders from Washington bought 130 years later A fuller picture is drawn of Caudy Davis school teacher justice of the peace miller state legislator surveyor who helped with the research for the *Sampler* up to the time he died in 1985 at age 99 Wirtz ends with some questioning of whether his adopted and beloved valley can hang on to its rich inheritance of natural beauty and human values The author has spent quite a bit of his life with pen in hand But everything before has been written in the course of duty as teacher government official arbitrator and lawyer The *Sampler* he says has been done for fun The result is a unique appreciation of a remarkable place and its people Goldenseal ,1997 Capon Valley, It's [sic] Pioneers and Their Descendants, 1698 to 1940 Maud Pugh,1947 The West Virginia Encyclopedia Ken Sullivan,2006 Buildings of West Virginia S. Allen Chambers,2004 *Buildings of West Virginia* provides a comprehensive guide to the state s built environment from the prehistoric mounds that are its earliest structures to buildings that have shaped its image log cabins elegant spas and coal company towns to its everyday commercial industrial government religious and domestic structures Buildings and sites are described and interpreted in some 1 000 guidebook entries illustrated with approximately 375 photographs and keyed to 60 maps Throughout West Virginia s architecture is related to its distinctive geography natural resources early prosperity and later economic decline and colorful history first as part of the colony and state of Virginia and then as the Mountain State About the Buildings of the United States Series *Buildings of West Virginia* is the ninth volume to be published in the monumental *Buildings of the United States* a series that Edwin McDowell of the New

York Times has called one of the most ambitious in publishing history Sponsored by the Society of Architectural Historians the series is modeled on and inspired by the Buildings of England the classic multivolume work written by the eminent British architectural historian Nikolaus Pevsner **The Cumulative Book Index** ,1991 A world list of books in the English language **Frederick County, Virginia** Wilmer L. Kerns,1995 Identification and Application of Criteria for Determining National Register Eligibility of Roads in Virginia Ann Brush Miller,2003 At present there are no clear standards for applying National Register criteria to roads and for objectively researching and determining the National Register eligibility of roadways in Virginia Basic historic documentation of Virginia roads is often poor incomplete or incorrect These facts along with the large number of old roads that lie within the borders of the Commonwealth of Virginia necessitate the identification of standards for historical documentation and a rating system for accurately and objectively determining the historic significance of roads in Virginia This project identified standards for historical documentation and for the identification of objective criteria for determining the historic significance i e National Register eligibility of roads in Virginia A general historical background of roads in Virginia procedures for their evaluation for historic significance and a number of case studies of various types of Virginia roads are included in this report A series of recommendations are offered to address 1 inconsistencies in the evaluation of Virginia roads for historic significance and 2 misconceptions concerning various aspects of National Register designation *Hampshire County, West Virginia, 1754-2004* Roberta R.
