Voglio morire! Suicide in Italian Literature, Culture, and Society 1789-1919 Paolo L. Bernardini, Anita Virga, 2014-09-01

The theme of suicide was of paramount importance in Italy in the long nineteenth century from the French revolution to the outbreak of World War I. A number of writers, intellectuals, politicians, and artists wrote about suicide, and a very high number of people killed themselves for several reasons. There were suicides for love and for homeland, suicides for despair and suicides for ennui. In Italy, once a very traditional Catholic country where suicide was very uncommon and rarely treated as a subject of moral theology or literature, it suddenly became extremely widespread. This book provides the first interdisciplinary account of this phenomenon taken from several angles including literature, the arts, politics, society, and philosophy, as well as sociology. Its authors rank among the best international specialists on suicide, and the figures dealt with include major intellectuals and writers such as Ugo Foscolo, Emilio Salgari, Giuseppe Pellizza da Volpedo, Giacomo Leopardi, and Carlo

Michelstaedter. **The Social Dynamics of Pronominal Systems** Paul Bouissac, 2019-07-15. Personal pronouns have a special status in languages. As indexical tools, they are the means by which languages and persons intimately interface with each other within a particular social structure. Pronouns involve more than mere grammatical functions in live communication acts. They variously signal the gender of speakers as parts of utterances or in their anaphoric roles. They also prominently indicate with a range of degrees the kind of social relationships that hold between speakers, from intimacy to indifference, from dominance to submission, and from solidarity to hostility. Languages greatly vary in the number of pronouns and other address terms they offer to their users with a distinct range of social values. Children learn their relative position in their family and in their society through the correct use of pronouns. When languages come into contact because of population migrations or through the process of translation, pronouns are the most sensitive zone of tension, both psychologically and politically. This volume endeavours to probe the comparative pragmatics of pronominal systems as social processes in a representative set from different language families and cultural areas. **Italian Women Writers** Katharine

Mitchell, 2014-01-01. *Italian Women Writers* looks at the work of three of the most significant women in late nineteenth century Italy whose domestic fiction and journalism addressed a growing female readership. *Performing Bodies* Catherine Ramsey-Portolano, 2017-12-29. *Performing Bodies: Female Illness in Italian Literature and Cinema 1860-1920* explores the variations in the portrayal of female illness in Italian fin de siècle literature and early cinema. Catherine Ramsey-Portolano begins her study with an overview of nineteenth century theories on female inferiority and nervous disorders, especially hysteria. 19th century European scientific and philosophical discourse on women's bodies, which focused on female biological functions and malfunctions, accompanied an abundant fin de siècle literary representation of female illness, a theme which also carried over into the cinematic genre of diva films of the 1910s. Ramsey-Portolano's analysis of fin de siècle Italian literary texts first discusses those novels in which illness represents the consequence and at times punishment for women.

who transgressed traditional societal roles and norms of behavior Ramsey Portolano also demonstrates however that there also existed within a portrayal of female illness which suggested sickness as a form of agency for women Rather than depicting women as powerless victims who succumb to illness due to the pressures and limitations of patriarchal society this second group of novels posits illness as a means for women to take control of their bodies and demonstrate self mastery through illness as a chosen form of behavior Performing Bodies Female Illness in Italian Literature and Cinema 1860 1920 concludes with a discussion of the role of female illness in Italian cinema of the 1910s Ramsey Portolano analyzes the films Tigre reale 1916 and Malombra 1917 featuring the divas Pina Menichelli and Lyda Borelli to show how illness granted centrality to the female character By placing the diva and her point of view at the center of the film s action these films posit the female character as the active one in advancing the story thus providing a progressive model for female Italian viewers and an early example of the female gaze in Italian cinema Performing Bodies Female Illness in Italian Literature and Cinema 1860 1920 examines how in Italian literature and film as well as in society women were confined to traditional roles and illness often represented the consequence for transgressing those roles Feigning illness offered women a way to own the illness and become manipulators and masters not only of their bodies but of their stories and destinies **Giacinta** Luigi Capuana,1879 *Luigi Capuana, Critic and Novelist* Vincenzo Traversa,1968 **Luigi Capuana and His Times** Samuel Eugene Scalia,1952 **Classed List** Princeton University.
