A E Housman Man Behind A Mask:

A.E. Housman Maude M. Hawkins,1972 The Letters of A. E. Housman Alfred Edward Housman,2007-03-29 The Letters of A E Housman is a scholarly edition of over 2200 letters The previous edition edited by Henry Maas contained just over 880 The letters cover the whole range of Housman s daily activities whether he writes as poet Professor of Latin son brother uncle friend or citizen Thus they allow the fullest possible revelation of a man whose reserve was legendary He emerges as a more amiable more sociable more generous more painstaking and more complex person than has previously been realized In most cases the source of the text is a manuscript and this has resulted in a text that is more accurate and more complete than any previously available Accompanying the text are notes covering persons and places poetry classical scholarship publishing history and literary allusion and echo

A. E. Housman NA NA,2016-04-30 This collection of essays was conceived as part of the centenary celebrations of the first publication in 1896 of one of the most popular collections of poetry ever written A Shropshire Lad a collection never out of print in a hundred years Yet Housman was a recluse an austere classicist of great renown who devoted his academic life to the correction of ancient texts He filled his poems with the lives loves and deaths of simple country people whose emotions are intense and often violent but lived his own life in stoic acceptance of his loveless arid existence Why his life should have been so intentionally empty of emotion raises questions about Housman s own sexuality and the relationship he had with his friend Moses Jackson and Jackson s brother Afaibert Housman s poetry like his life is deceptively simple this volume shows some of the complex currents below the surface

Routledge Revivals: English Poetry in the Later Nineteenth Century (1933) B. Ifor Evans,2017-11-30 First published in 1933 this study which underwent revision in the 1960s is a comprehensive survey of the verse of English nineteenth century poets whose work appeared after 1860 A special feature is the full and critical treatment of minor writers In no other book is their work so carefully evaluated There is a full account of the minor Pre Raphaelites of James Thomson the poet of The City of Dreadful Night of Henley Stevenson and George MacDonald John Davidson is the subject of a long and revealing study Evans suggests that poetry from the late nineteenth century is neglected in scholarly study and that Victorian Romanticism deserves more attention than it has recently received

Lines of Enquiry Niall Rudd,2005-01-20 In these studies of Latin poetry Niall Rudd demonstrates a variety of critical methods and approaches He shows how it can be fruitful at different times to consider the historical background of a poem its language or structure its place in a literary tradition the role of critical paradigms and so on But if no single approach has special and invariable authority this does not imply critical anarchy Each has its own validity for different purposes its own strengths and limitations The reader must be versatile and sensitive to a range of possibilities but not doctrinaire
