The Cape Hatteras Lighthouse Dawson Carr,2012-09-01 Since 1871 the Cape Hatteras lighthouse has been a welcome sight for sailors entering the treacherous region off North Carolina s Outer Banks known as the Graveyard of the Atlantic At 208 feet high it is the tallest lighthouse in the country and one of the state s most famous landmarks Through the years it has withstood the ravages of both humans and nature weathering numerous violent storms and two wars But perhaps the gravest threat the structure faced in recent history was the erosion of several hundred yards of beach that once stood between it and the ocean As powerful tides and rising sea levels increasingly endangered the lighthouse s future North Carolinians debated fiercely over how best to save it eventually deciding on a controversial plan to move the beacon inland to safety First published by UNC Press in 1991 this book tells the story of the noble lighthouse from its earliest history to the present day In this new edition Dawson Carr details the recent relocation of the treasured landmark For now it seems North Carolinians have succeeded in protecting their lighthouse as it has protected them for over a century **Exploring Cape Hatteras and Cape Lookout National Seashores** Molly Perkins Harrison,2003-08 Wildlife viewing water sports hiking and biking are just some of the activities visitors can enjoy at this national seashore park This guide has tips on what to do where to eat and where to sleep 25 maps Photos [Cape Hatteras Lighthouse](#) Mary Ellen Riddle,Douglas Stover,2021-05-03 The Cape Hatteras Lighthouse standing 198 49 feet is the tallest brick lighthouse in the United States From 1803 when the first Cape Hatteras Lighthouse was built to today it cast its light over the waters off the Outer Banks of North Carolina also called the Graveyard of the Atlantic Its history stretching from Augustin Jean Fresnel s lens laboratory in France to the beaches of Hatteras Island where the lighthouse keepers labored includes war shipwrecks hurricanes and cutting edge technology Due to politics funding and its precarious location it took great effort to erect and protect a lighthouse built on a barrier island The supporters and caretakers were many including Alexander Hamilton in the 1700s and children donating coins to a statewide preservation campaign in 1982 In the 21st century the Cape Hatteras Lighthouse continues to send out its beam to
