**Social Casework** Helen Harris Perlman, 1957-03-15 This is a basic book in social casework Its thesis is that among all the complexities within the subject matter and operations of casework there are certain constant elements forces and processes which give coherence and unity to its practice Mrs Perlman identifies and analyzes these constants and views them within the logical framework of problem solving In turn problem solving as a casework process is examined in its likeness to normal human problem solving efforts The result is an approach to learning and thinking about casework which is at once organized synthesized and imaginative The book's usefulness is enhanced by the author's lucid and pointed style

The Columbia University School of Social Work Ronald A. Feldman, Sheila B. Kamerman, 2001 Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan's surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles

**Social Work Treatment** Francis

J. Turner, 2017 *Social Work Treatment* remains the most popular and trusted compendium of theories available to social work students and practitioners. This treasure trove of practice knowledge equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition. **The Principle of Client Self-determination in Social Casework** Felix Paul Biestek, 1951 *Social Casework*, 1992 This index contains an historical overview of the journal *Social Casework* formerly *The Family* together with four separate types of index: subject author title and book review. It allows easy reference to the material included in the journal over the past 70 years. Basic Concepts in Social Case Work Herbert Aptekar, 2018-04 Social case work is a young and rapidly changing profession in which differences of method and technique have been prominent. The author approaches this difficulty by a careful examination of fundamental aims. The psychological concepts of ambivalence, will and denial, relationship, movement, projection and identification, interpretation and recognition, focus level and causality are defined.
