## **Basic Medical Sciences For Mrcp Part 1:**

**Basic Medical Sciences for MRCP** Philippa J. Easterbrook, 2005 A revision book intended primarily for candidates sitting their MRCP Part 1 examination and which covers all the essential basic sciences It focuses on the recurring themes which come up in the questions The book also includes a chapter on clinical pharmacology which alone accounts for up to 30% of the questions looking at aspects of drug induced disease and drug interactions Finally there is a chapter on statistics and epidemiology which is rarely covered in other texts but is often included in the exam Despite the changes to the teaching of the undergraduate in medicine and the integration of the basic sciences with clinical education the junior doctor faced with postgraduate examinations is always going to be poorly prepared for those increasingly important subjects This book presents the essential information in the form of lists tables diagrams and flow charts *Notes for the MRCP* N. R. Balcombe, 2001 This title provides comprehensive lists of notes organized by system covering all the major areas needed for the MRCP examination Self assessment exercises are also provided *MCQs in Basic Medical Sciences for MRCP* Philippa J. Easterbrook, Kefah M. Mokbel, 1996 A good knowledge of basic science is essential for all those who wish to pass the MRCP exam This book contains 300 multiple choice questions arranged by subject with correct answers and detailed explanatory notes for every question Lists of essential revision topics tips on MCQ technique and references for further reading are also included *Applied Basic Science for Basic Surgical Training E-Book* Andrew T Raftery, 2011-12-22 This title is directed primarily towards health care professionals outside of the United States It has been written to encompass the basic anatomy physiology and pathology required by the syllabus of the UK Royal Colleges and the Intercollegiate Surgical Curriculum Project For this Second Edition many of the chapters have been updated especially the chapters on immunology basic microbiology the endocrine and locomotor systems and the breast An attempt has been made throughout to indicate the clinical relevance of the facts and the reason for learning them There are several new contributors to the author team all of whom are experts in their field and many of them are or have been experienced examiners at the various UK Royal Colleges Brings together three basic sciences in one book and presents them in an integrated format Presents the sciences at the right level for surgical trainees Written in a straightforward and readable style Thoroughly revised to take account of latest changes in basic surgical training especially the chapters on immunology basic microbiology the endocrine and locomotor systems and the breast **Statistics and Evidence-Based Medicine for Examinations** Wai-Ching Leung, 2001 Statistics and evidence based medicine are assessed in most postgraduate and undergraduate medical examinations and degrees in health sciences All clinicians have to acquire skills in this area This book aims to provide a brief overview of basic medical statistics and the numerical aspects of evidence based medicine to give realistic worked examples to illustrate the interpretation of studies relevant to clinical practice and to allow examination practice It aims to cover all major topics covered in the undergraduate and postgraduate examinations Each chapter begins with an overview and summary of the

main points followed by worked examples and exercises with full answers It will be ideal for all postgraduate medical examination candidates Other clinicians and undergraduate students in medicine and health sciences will also find it useful

**Basic Science for the MRCS E-Book** Michael S. Delbridge, Andrew T Raftery, Helen E. Douglas, 2017-05-30 This is a concise revision guide to the core basic sciences for all surgical trainees preparing for Part A of the Intercollegiate MRCS examination Covering anatomy physiology and pathology it has been written in a style to facilitate easy learning of the essential facts with indications of both their clinical relevance and importance This book concentrates on those topics which tend to be recurring examination themes for initial surgical training It will be an invaluable resource for the basic surgical trainee as well as proving useful for those in higher surgical training and for the surgically inclined well motivated student The book covers in one volume all the essentials of the basic sciences anatomy physiology and pathology to aid the candidate for the MRCS examination In covering the applied basic science the book explains the application and clinical relevance of the three sciences The text is written in an appropriate bullet point style to allow easy reading rapid exam preparation The contents concentrate on the recurring common themes of the examination thus helping direct appropriate learning and focussing on the specific important areas of knowledge The book is illustrated with clear line drawings which are clearly annotated to aid learning Now available on StudentConsult with a downloadable ebook version included 250 new online single best answer questions in the format of the MRCS Part A examination will give the reader valuable experience in assessing their knowledge Each answer will refer back to text for further reading as required New and updated OSCE Clinical scenarios will be included at the end of every chapter

**Self- Assessment on Trauma and Orthopaedics** Philip Ting, 2001 This is probably the only illustrated examination revision book in trauma and orthopaedics aimed solely at undergraduate and Part 1 MRCS candidates It has been carefully constructed to test as much of the required knowledge as is practical and is presented so that each MCQ or illustration provides a concise and informative account of key areas of trauma and orthopaedics With the answers and explanations following directly after each question it is ideally suited for quick studying on the move

**Multiple Choice Questions in Anaesthesiology** Ann E. Black, Andrea Kelleher, 2003 Passing the multiple choice paper is an essential first stage in the FRCA examinations A good pass enhances a candidate's ultimate success in the overall scheme of the examination Written by three practising consultant anaesthetists the second edition of this successful book is ideal preparation for the MCQ examination As well as providing a comprehensive overview of the types of question typically asked in the examination detailed explanations provide a revision guide in their own right Lack of basic knowledge is the most significant reason for examination failure here is help for the FRCA candidate to identify areas of weakness and strength so as to overcome this problem

**MCQs for the New MRCPsych Part II** Michael Reilly, Bangaru Raju, 2002 This book covers both the basic science paper and the clinical topics paper and includes 1200 individual statement questions All major topics are covered and the book is useful as a revision aid It is aimed at candidates for the Royal College

of Psychiatrists examinations      *Practical Pharmaceutical Calculations* M. C. Bonner,1999 Offers concise and practical guidance on the common types of calculation used in pharmacy and drug preparation Selected worked examples and test questions are provided at the end of each chapter as well as a general test at the end of the book      **The New Walford Guide to Reference Resources** Ray Lester,2005 The New Walford highlights the best resources to use when undertaking a search for accurate and relevant information saving you precious time and effort For those looking for a selective and evaluative reference resource that really delivers on its promise look no further In addition to print sources The New Walford naturally covers an extensive range of e reference sources such as digital databanks digital reference services electronic journal collections meta search engines networked information services open archives resource discovery services and websites of premier organizations in both the public and private sectors But rather than supplying a list of all available known resources as a web search engine might The New Walford subject specialists have carefully selected and evaluated available resources to provide a definitive list of the most appropriate and useful With an emphasis on quality and sustainability the subject specialists have been careful to assess the differing ways that information is framed and communicated in different subject areas As a result the resource evaluations in each subject area are prefaced by an introductory overview of the structure of the relevant literature This ensures that The New Walford is clear easy to use and intuitive Publisher      The British National Bibliography Arthur James Wells,2007      **MRCP 1** Philippa J. Easterbrook,2004 Struggling with your basic science revision for MRCP 1 This title helps you to overcome that hurdle so that you are better equipped for the exam It includes 318 questions that cover genetics molecular medicine immunology microbiology anatomy physiology clinical chemistry statistics epidemiology and clinical pharmacology      **Singapore Medical Journal** ,1974

**The Cumulative Book Index** ,1996 A world list of books in the English language      **The Way Ahead in Postgraduate Medical Education** Gordon McLachlan,1974      **Subject Guide to Books in Print** ,1996      Medical and Health Care Books and Serials in Print ,1997      *British Book News* British Council,1993 Includes no 53a British wartime books for young people      *The American Journal of the Medical Sciences* ,1915
