

**BASIC
STATISTICS
FOR SOCIAL
WORKERS**

REVISED EDITION

ROBERT A. SCHNEIDER

Basic Statistics For Social Workers

Philip Klein, Ruth Irene Voris

Basic Statistics For Social Workers:

Basic Statistics for Social Workers Robert A. Schneider, 2010 Basic Statistics for Social Workers now in a revised edition was developed by Schneider after teaching statistics to undergraduate and graduate social work students for over ten years The statistical concepts that are necessary for students to know are covered ranging from simple descriptive statistics such as crosstabs and tabular data up to a limited discussion of multiple regression The text is written simply for students who may not have a strong quantitative background The text is simple enough that with the practice problems and perhaps a little consultation a motivated student could self teach the content

Statistics for Social Workers Robert W. Weinbach, Richard M. Grinnell, 2010 Now in its eighth edition this widely used text covers the types of statistical analyses that are most likely to be encountered by social work practitioners and researchers It requires no prior knowledge of statistics and only basic mathematical competence

Some Basic Statistics in Social Work Philip Klein, Ruth Irene Voris, 2012-05-01 New York School Of Social Work Publications

Statistics for Social Workers David Royse, Denise Montcalm, Austin Griffiths, 2021-06-18 Statistics for Social Workers Essential Concepts provides students with a reader friendly introduction to statistics and an engaging exploration of how statistics can enrich their future social work practice The text is practical and conceptual in nature focusing less on mathematical computation and more on the general information and skill sets that will prove beneficial in professional work The text demonstrates how statistics can help students understand relevant social issues and obtain insights to their clients problems by looking at data Readers learn statistics can bring to light trends and needs in their communities provide them with information they can use in funding applications aid in their own development of client and staff reports and enhance their overall practice Dedicated chapters cover ethical considerations measures of central tendency normal distribution inferential statistics hypothesis testing correlation selecting the appropriate statistical test and more Throughout the text excerpts from real world studies review problems for students and potential assignments facilitate deep learning and practical application Designed to demystify statistics for students and help them develop into evidence based practitioners Statistics for Social Workers is an ideal resource for social work students

Some basic statistics in social work Philip Klein, Ruth Voris, 1933

Handbook of Social Work in Health and Aging Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence

based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today

Social Work in the Health Field Lois A Cowles,2012-10-12 This book provides an introduction to social work practice in the field of health care It addresses both physical and mental health examines various settings such as primary care home care hospice and nursing and also provides histories of social work practice in traditional industry segments

Social Work in Health Care Surjit Singh Dhooper,2012 This book is a comprehensive look at the US healthcare industry from its historical development to its current status It pays particular attention to four domains of health care and the role that social workers play in these roles in the present day and in the future

Single-Case Evaluation by Social Workers Mansoor A.F. Kazi,2019-01-04 First published in 1998 this is the first definitive text on single case evaluation in Britain This is a method of evaluation research which enables progress to be determined by comparing different phases in the life of a single client group or system It can also determine the extent to which the social worker s intervention was responsible for the changes in the client s target problem Examples are provided from British experience

Teaching Activities for Social Work Jill M. Chonody,2025-11-08 This textbook is a teaching and learning guide for social work education Increasingly instructors want to implement active learning strategies With changes in our students from the wired Gen Z to nontraditional students instructors are hungry for ways to engage students in the content and the classroom Furthermore as new educational standards from our discipline s governing body are being implemented across social work programs faculty may be seeking additional content or be looking to make changes to how they teach their courses This textbook addresses this need Many PhD programs in social work do not include specific methods in their coursework however most graduates will go on to teach throughout their careers New instructors as well as those who have been teaching for a while can use this book to help implement new activities and approaches that make learning fun and engaging The contents of this text comprise detailed descriptions of different creative teaching and learning activities Both in class activities and assignments are provided The book s 100 chapters are organized under 20 themed sections I Photography II Art and Music III Mindfulness and Self Care IV Reflective Reading and Writing V Podcasts VI Artificial Intelligence VII Fun and Games VIII Professional Development IX Anti Racist Teaching and Design Justice X Addressing Stereotyping and Bias XI Human Behavior and the Social Environment XII Theory XIII Engagement Assessment and Clinical Practice XIV Mezzo and Macro Practice XV Research Methods XVI LGBTQ Affirmative Practice XVII Reproductive Justice and Sexual Health XVIII Environmental Justice XIX International Connections and Cultural Awareness and XX Evaluating Teaching and Learning

Teaching Activities for Social Work Creative Pedagogies to Engage Students can be used as a guidebook for current teachers and or doctoral students This text is intended to engage a diverse audience including those who teach as an adjunct doctoral

students in social work or those who hold a PhD and want to make shifts in their teaching methods or who teach courses on pedagogy
