Life in Black and White Brenda E. Stevenson, 1997-11-06 Life in the old South has always fascinated Americans whether in the mythical portrayals of the planter elite from fiction such as *Gone With the Wind* or in historical studies that look inside the slave cabin Now Brenda E Stevenson presents a reality far more gripping than popular legend even as she challenges the conventional wisdom of academic historians *Life in Black and White* provides a panoramic portrait of family and community life in and around Loudoun County Virginia weaving the fascinating personal stories of planters and slaves of free blacks and poor to middling whites into a powerful portrait of southern society from the mid eighteenth century to the Civil War Loudoun County and its vicinity encapsulated the full sweep of southern life Here the region's most illustrious families the Lees Masons Carters Monroes and Peytons helped forge southern traditions

and attitudes that became characteristic of the entire region while mingling with yeoman farmers of German Scotch Irish and Irish descent and free black families who lived alongside abolitionist Quakers and thousands of slaves Stevenson brilliantly recounts their stories as she builds the complex picture of their intertwined lives revealing how their combined histories guaranteed Loudon's role in important state regional and national events and controversies Both the Declaration of Independence and the U S Constitution for example were hidden at a local plantation during the War of 1812 James Monroe wrote his famous Doctrine at his Loudon estate The area also was the birthplace of celebrated fugitive slave Daniel Dangerfield the home of John Janney chairman of the Virginia secession convention a center for Underground Railroad activities and the location of John Brown's infamous 1859 raid at Harpers Ferry In exploring the central role of the family Brenda Stevenson offers a wealth of insight we look into the lives of upper class women who bore the oppressive weight of marriage and motherhood as practiced in the South and the equally burdensome roles of their husbands whose honor was tied to their ability to support and lead regardless of their personal preference the yeoman farm family's struggle for respectability and the marginal economic existence of free blacks and its undermining influence on their family life Most important Stevenson breaks new ground in her depiction of slave family life Following the lead of historian Herbert Gutman most scholars have accepted the idea that like white slaves embraced the nuclear family both as a living reality and an ideal Stevenson destroys this notion showing that the harsh realities of slavery even for those who belonged to such attentive masters as George Washington allowed little possibility of a nuclear family Far more important were extended kin networks and female headed households Meticulously researched insightful and moving *Life in Black and White* offers our most detailed portrait yet of the reality of southern life It forever changes our understanding of family and race relations during the reign of the peculiar institution in the American South

In Search of the Promised Land John Hope Franklin, Loren Schweninger, 2005-09-01 The matriarch of a remarkable African American family Sally Thomas went from being a slave on a tobacco plantation to a virtually free slave who ran her own business and purchased one of her sons out of bondage *In Search of the Promised Land* offers a vivid portrait of the extended Thomas Rapier family and of slave life before the Civil War Based on personal letters and an autobiography by one of Thomas sons this remarkable piece of detective work follows the family as they walk the boundary between slave and free traveling across the country in search of a promised land where African Americans would be treated

with respect Their record of these journeys provides a vibrant picture of antebellum America ranging from New Orleans to St Louis to the Overland Trail The authors weave a compelling narrative that illuminates the larger themes of slavery and freedom while examining the family s experiences with the California Gold Rush Civil War battles and steamboat adventures The documents show how the Thomas Rapier kin bore witness to the full gamut of slavery from brutal punishment runaways and the breakup of slave families to miscegenation insurrection panics and slave patrols The book also exposes the hidden lives of virtually free slaves who maintained close relationships with whites maneuvered within the system and gained a large measure of autonomy

The Hemingses of Monticello Annette Gordon-Reed,2009-08-25 This epic work tells the story of the Hemingses a slave family whose close blood ties to American president Thomas Jefferson had been systematically edited out from American history until very recently This book sets the family s compelling saga against the backdrop of Revolutionary America Paris on the eve of its own revolution 1970s Philadelphia and plantation life at Monticello Much anticipated this book promises to be the most important history of an American slave family ever written

A Social History of the American Family from Colonial Times to the Present Arthur Wallace Calhoun,1917

Freedom! June Prato,2017-10-23 This book has been inspired by many things also this book will help you learn a lot more about slavery than you probably have known before In my class we have done several units on slavery leadership and also Abraham Lincoln These books have given me the opportunity to write my own book The knowledge I have consumed from these books gives me the chance to write something very interesting that I know a lot about In slave times it was very harsh cruel and unjust That is why I tried to put a good understanding of that in my book It is also historical fiction all the nasty things that has happened in my book could very well happen to a real slave I have also added broken English to my book and that will give you a better understanding of how they talked back then

Author s Note by June Prato When June was given an old laptop by her grandmother she decided to start writing a book for fun So proud of her She was SO consumed by what she was learning in 4th Grade about the Civil War slavery and Abraham Lincoln that she said she wanted to become President someday and fix everything that is wrong with the world While this is a brave and noble goal that I very much admire I am guiding her to think about what she can do now in small ways to make things better I

decided to help her publish her book with the intention of donating a generous portion of the proceeds to charity The rest she can put into college savings for her future goals My hope is that anyone who comes across this book will share with the children students in their lives the message that learning and writing can be fun that young kids can create amazing things if they put their minds to it and that making a difference in the world can happen at any age At the very least I hope you are inspired by the spirit of a 10 year old girl who finds the concept and history of freedom in America to be the most interesting topic despite so many other things she could be passing the time thinking about and who wants to create big change in the world as she grows up Rachel June s mother Lincoln Literary Collection, Designed for School-room and Family Circle
