The Special Relationship between West Germany and Israel Lily Gardner Feldman, 2025-04-30 First Published in 1984

The Special Relationship between West Germany and Israel stresses the uniqueness of the historical ties between Germans and Jews but attempts to set the implementation of post war German Israeli policy relations in the context of a general theory of bilateral ties between states Lily Gardner Feldman has articulated the concept of the special relationship and indicated its relevance for other international partnerships including those between France and Germany and the United States and Israel It is difficult to imagine a less likely bilateral relationship of friendship and mutual support after World War II than one between Germans and Jews Yet in their simultaneous efforts to establish legitimacy in the family of nations the Federal Republic of Germany and Israel turned to each other And so in one of history s greatest ironies West Germany looked to Israel for the Nazi victims to acknowledge the moral acceptability of the successor state and Israel looked to as Germany as the lone industrial state with both the means and the will to provide a measure of economic security This book reveals the intricacies of the German Israeli policy relationship in a setting of extensive and complicated ties between German and Israeli societies and individuals It is based on more than 100 interviews with key actors in erstwhile West Germany and Israel The innovative combination of theory and practice about such dramatic historical and contemporary importance should appeal not only to academics but also to the policy communities

Special Relationship in the Malay World Ho Ying Chan, 2018-07-31 Ho Ying Chan provides an expert analysis of Malaysia Indonesia relations He demystifies the concept of a special relationship rescuing it from woolly sentimental rhetoric that often emanates from political figures and popular commentators His well informed study shows how a state s will to survive in the amoral world of international relations drives its conduct even in circumstances of common identities and common strategic interests with other states He evaluates comparative evidence to shed light on how a special relationship leads to the emergence of a pluralistic security community This is a conclusion of insight and value not only to the field of Southeast Asian Studies but also to the wider community of International Relations scholars Professor Clinton Fernandes University of New South Wales Australia Empirically rich and theoretically interesting this book offers an illuminating account of how material and ideational dynamics shape the evolution of Malaysia Indonesia relations Focusing on what is arguably the most vital bilateral relationship in Southeast Asia it addresses the circumstances conditions and constraints that determine the double edged effects of the culturally bound special relationship Ho Ying Chan argues that while their shared serumpun identities and strategic interests do give rise to a considerable closeness between Malaysia and Indonesia the politics of power imbalance have prevented the transformation of the special relationship into a pluralistic security community as their egoistic understanding averts the formation of collective self The book generates useful insights on the interplay of cross border cultural affinity and political necessity inviting readers to ponder the politics of identity and survivability at the international level It is a welcome addition to the

growing literature of Southeast Asian international relations Dr Kuik Cheng Chwee National University of Malaysia UKM Ho Ying Chan s important study brings home the international and theoretical significance of the interaction between Malaysia and Indonesia the two major states of Muslim Southeast Asia products of the territorial division between the British and Dutch colonial empires This welcome and revealing review of the Malaysia Indonesia story deepens our understanding of the concept of a special relationship explaining both the cooperative and competitive dynamics that can be present and the way such relationships are influenced by state identities and power imbalances Anthony Milner University of Malaya University of Melbourne

Alliance Persistence within the Anglo-American Special Relationship Ruike Xu, 2017-01-05 This book seeks to demystify the persistence of the Anglo American Special Relationship AASR in the post Cold War era by constructing a new theory of alliance persistence This theory of alliance persistence not only has stronger explanatory power than the predominant model of interests and sentiments but also opens a new way for understanding what factors have prevented the AASR from collapsing This innovative new volume fills the gap in AASR literature by focusing on the important role of institutionalization in sustaining the AASR a factor that has been significantly overlooked in existing academic research
