An Historical and Geographical Study Guide of Israel with a Supplement on Jordan Arnold G. Fruchtenbaum, 2013 *A Study Guide of Israel* Arnold G. Fruchtenbaum, 1994 A Study Guide of Israel Arnold G. Fruchtenbaum, 1994 **Israel Country Study Guide Volume 1 Strategic Information and Developments** IBP, Inc, 2012-03-03 **Israel Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments** **Sacred Places** C.J. Scott, 2017-03-16 Sacred Places is a book that looks at the biblical theology of place exploring its central importance in God's creation and mission. It takes its readers on an expository journey through place from the Garden of Eden to the New Jerusalem, discovering the pattern of placement, displacement, and replacement in life and faith. If you are a Christian seeking to understand the Bible's teaching on place and how that affects both our faith and lives in the world, then this book is for you. It will open your eyes to the central importance of place and give you direction on how you can apply a healthy understanding of place to your life as a disciple of Jesus Christ, making you a better place maker and dweller. The thesis of this book is that place is far more important than we ever could have imagined. I am specifically proposing that 1. places are sacred because of God's decree and personal presence, 2. place plays a major role in God's creative and redemptive purposes, and 3. God's people are called to be both place makers and dwellers. Check out the official website of Author and Teacher C.J. Scott at humblemajesty.com. Visit the Place Makers blog at placemakers.blog. Joshua: An Introduction and Study Guide James Gordon McConville, 2017-01-12. The book of Joshua, with its memorable images of the crossing of the River Jordan and the miraculous conquest of the city of Jericho, plays an important part in the Old Testament's narrative and theology of God's promise and gift of the land of Canaan to Israel. In this guide, Gordon McConville considers the various aspects of interpreting Joshua.

including questions of its origins and occasion its literary formation and its theology He also looks squarely at the difficulties it poses to the modern reader and the dangers of simplistic interpretations especially when allied with power systems Yet among the possible approaches to Joshua certain readings suggest unexpected messages and with the book's memorable central image of crossing a river in an escape from tyranny into new life it can prompt fruitful reflection on other crossings perhaps helping us to overcome the deepest human hostilities

Numbers: An Introduction and Study Guide Eryl W. Davies, 2017-01-12 Davies outlines the composition and date of Numbers and the various attempts that have been made to establish a coherent and meaningful structure in its arrangement Davies also shows how the application of reader response criticism feminist criticism and postcolonial criticism have contributed to our understanding of selected passages in the book Addressing theological issues Davies considers three themes that occupy much of the content of Numbers namely land purity and holiness and rebellion The concluding chapter considers the contentious issue of the historicity of the book of Numbers in the light of recent discussions concerning the historical value of the Old Testament Davies shows how some of the issues Numbers raises war disease survival hunger race relations are among the perennial problems faced by nations across the centuries and across cultures While individual passages within Numbers may reflect a questionable sense of morality Davies demonstrates that the book when viewed in its totality encompasses a number of important theological themes which recur throughout the Old Testament the interplay of forgiveness and judgment and of sin and punishment and the need to trust in the power of God rather than human might
