A Study In Structural Semantics The Siriono Kinship System:

A Study in Structural Semantics Harold W. Scheffler, Floyd Glenn Lounsbury, 1971 *Theory Groups and the Study of Language in North America* Stephen O. Murray, 1994 *Theory Groups in the Study of Language in North America* provides a detailed social history of traditions and revolutionary challenges to traditions within North American linguistics especially within 20th century anthropological linguistics After showing substantial differences between Bloomfield's and neo-Bloomfieldian theorizing Murray shows that early transformational generative work on syntax grew out of neo-Bloomfieldian structuralism and was promoted by neo-Bloomfieldian gatekeepers in particular longtime Language editor Bernard Bloch The central case studies of the book contrast the increasingly revolutionary rhetoric of transformational generative grammarians with rhetorics of continuity emitted by two linguistic anthropology groupings that began simultaneously with TGG in the late 1950s the ethnography of communication and ethnoscience **A Companion to Cognitive Anthropology** David B. Kronenfeld, Giovanni Bennardo, Victor C. de Munck, Michael D. Fischer, 2015-12-14 This new Companion traces the development of cognitive anthropology from its beginnings in the late 1950s to the present and evaluates future directions of research in the field In 29 contributions from leading anthropologists there is an overview of cognitive and cultural structures insights into how cognition works in everyday life and interacts with culture and examples of contemporary research A Companion to Cognitive Anthropology is essential for anyone interested in the questions of how culture shapes cognitive processes Denying Biology Warren Shapiro, Uli Linke, 1996 We know that human beings are part of nature yet Philosophical systems around the world deny or minimize this fact As the first book to take a systematic account of the universal human tendency to deny or minimize biology this book considers a wide variety of these anti-biological systems and their relation to larger issues particularly gender studies Discussed in this book are a wide variety of expressions of the antithesis between human beings and natural processes in which the latter are denied denigrated or minimized Contents Introduction Warren Shapiro Sexual Imagery in Spanish Carnival David D Gilmore Symbolic Reproduction and Sherpa Monasticism Robert A Paul Witches and Wizards A Male Female Dichotomy James L Brian Coping with the Dilemmas of Masculinity and Female Disempowerment in Icelandic Mythology Uli Linke The Quest for Purity in Anthropological Inquiry Warren Shapiro Procreation Gender and Pollution Ward H Goodenough Bibliography Index **Scholar and Sceptic** Francesca Merlan, John A. Hoenigswald, 1989 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the

study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language Sociologus Richard Thurnwald,1982 Zeitschrift f r empirische Ethnosoziologie und Ethnopsychologie A Journal for empirical ethno sociology and ethno psychology *The Maki Men* Ryan Schram,2002

Illinois Studies in Anthropology ,1984 **Marriage Practices in Lowland South America** Kenneth M. Kensinger,1984 Filiation And Affiliation Harold W Scheffler,2001 Announcements in the 1970s and 1980s of the death of kinship and descent as subjects of anthropological study were highly premature These subjects continue routinely to be encountered in the course of empirical ethnographic research and to be reported upon in ethnographies or they are ignored at the peril of ethnographers pathetically unprepared to deal with them Moreover considerable evidence has accumulated that systems of social relations built on relations of genealogical connection exhibit a remarkable degree of orderliness about which it is possible already to make a number of substantial empirical generalizations especially about the qualities of social relations within and between groups As the masters of the subject always stressed kinship and political and jural organization are closely interdependent structures In this wide ranging theoretical and comparative ethnographic study Harold Scheffler demonstrates that there is a simple reason why detection of this order has been too long delayed and has given rise to more destructive than to constructive debate in social anthropology **Annual Review of Anthropology** Bernard J. Siegel,1983 Anthropos ,1979 **The Female Bridegroom** Anthony Good,1991 Ceremonies marking female puberty are among the most important public events in the lives of many South Asian people Describing such ceremonies in Tirunelveli South India Anthony Good shows how female puberty rites mimic weddings and involve the female bridegrooms of his title Everyhigh caste family aims to protect its caste status by controlling ritually the sexual activity of its female members and Dr Good argues that the rituals he describes reflect localized modes of inheritance residence and descent His main aim is to understand all such rituals in their regional context He goes on to compare them with practices elsewhere in South India and Sri Lanka as described by major ethnographers such as Srinivas Gough Yalman and Dumont In his final section Dr Good describes divine weddings inHindu temples He demonstrates how ideas about female sexuality are represented in worship and mythology and brings out the significance of the diverse ritual practices discussed in earlier parts of the book by placing them in the context of a single cultural framework **Semiotica** ,1984
