A Tale of Two Kitties Sofie Kelly, 2018-08-07 In this charming mystery from the bestselling author of *The Cats Came Back* two magical cats have powers of detection that prove indispensable to librarian Kathleen Paulson. With a well placed paw on a keyboard or a pointed stare Kathleen's two cats Hercules and Owen have helped her to solve cases in the past so she has learned to trust their instincts. But she will need to rely on them more than ever when a twenty year old scandal leads to murder. The arrival of the Janes brothers has the little town of Mayville Heights buzzing. Everyone of a certain age remembers when Victor had an affair with Leo's wife who then died in a car accident. Now it seems the brothers are trying to reconcile until Kathleen finds Leo dead. The police set their sights on Leo's son and Kathleen's good friend Simon who doesn't have much of an alibi. To prove her friend innocent Kathleen will have to dig deep into the town's history and into her sardine cracker supply because Owen and Hercules don't work for free.

A Tale of Two Kitties David Hutchinson (RN.), 1996-01-01 A Tale of Two Kitties takes you on a journey to gardens music the surgeon's knife and mountain waterfalls. With exuberant wordplay and uncommon insight David Hutchinson follows the transition from six week purrballs to adult cats as he explores the meaning of senses and spaces whiskers and warfare rules and roles meditation and much more. Every cat lover will rejoice in the familiar adventures and wonder at the amazing qualities of these two unusual kittens. A whiff of sparrow at the window late night nuzzles camping in the redwoods here is the early life of Scotty a Scottish Fold and Athena the beauty of the family told in unforgettable prose. Have you ever gone bejabbers at the bugs fallen into scratchy bliss played paw ball at dawn Ever cavorted with slippery lightbeams and delectable fuzzies made unexpected discoveries in your own house thrilled to the coo of a Scottish Fold. This book will transport you to kitty paradise and you may not want to come back. Above all it is the tender and touching expression of love between a man and his wife and their growing devotion to the two kittens who comprise their family. It starts simply enough. In the summer of 1992 my wife and I decided to bring cats into our quiet home. We had no idea how much our lives would change. Before David and his wife knew it they were caught up in the bouncing energy daily discoveries and experiments in parenthood. That first year we were such absorbed parents of Scotty and Athena that we talked and thought about them all the time so when I sat down to write this book it just came out in a rush. Hutchinson balances humor adventure inspiration and love in this delightful story of mishaps exploits and growth as a family. The tale is absolutely fascinating in the things they thought of doing with their cats. In one amusing chapter Hutchinson describes Scotty's love of music and in the next he muses on their fascination with spaces. There is a moving poetic chapter describing how Athena falls asleep in a lap. After listening to them talk to each other late at night about dogs or seeing a redwood forest from a cat's eye perspective or planning ingenious ways to bug their sleeping humans we get a real sense of who Scotty and Athena are. They certainly had a singular upbringing getting their teeth brushed going on walks with leashes camping out. The book climaxes with a camping trip in the Sierra Nevada Mountains.
