A Time To Die:

A Time to Die Nicolas Diat, Robert Sarah, 2019-08-05 Behind monastery walls men of God spend their lives preparing for the passage of death Best selling French author Nicolas Diat set out to find what their deaths can reveal about the greatest mystery faced by everyone the end of life How to die How to respond to our fear of death To answer these and other questions Diat travelled to eight European monasteries including Solesmes Abbey and the Grande Chartreuse Through extraordinary interviews with monks he learned that their death experiences are varied and unique with elements of peace pain humility sorrow and joy These monks have the same fears torments and sorrows as everyone else Diat discovered What is exemplary about them is their humility and simplicity When death approaches and its hand reveals its strength they are like happy and naive children who wait with impatience to open a gift They have complete confidence in the mercy of God

A Time to Live and a Time to Die Ronald E. Hignite, 2013-07-19 A Time to Live and a Time to Die will inspire its readers through a greater understanding of God's seasons for man as revealed by Solomon in the book of Ecclesiastes It describes in poetry and rhyme the ever changing nature of the seasons yet their harmony and purpose **A Time to Die. A sermon [on Eccles. iii. 1, 2] delivered at the funeral of ... R. Sears, etc** John EASTMAN (Pastor.), 1851 And a Time to Die Sharon Kaufman, 2005-04-19 A reassuring and illuminating examination on our conflicting wishes about the end of life how the politics and routines of the American hospital have formed our understanding and experience of death and ultimately why what we consider a good death is so hard to attain In a penetrating and revelatory study medical anthropologist Dr Sharon Kaufman uses two years of intensive observations and interviews with scores of patients family members physicians nurses social workers and other staff at several community hospitals in California to explore the heart of a science driven yet fractured and often irrational world of health care delivery where empathetic yet frustrated hard working yet constrained professionals both respond to and create the anxieties and often inchoate expectations of patients and families who must make decisions they are ill prepared to make She sought out the critically ill the dying and their friends and relatives She followed patients from admission to death days weeks or sometimes months later through what is often for them and their families a Kafkaesque journey She asked hospital staff what they were doing and why and stood beside doctors and nurses observing their work cynicism compassion and frustration And she paid close attention to the most important player of all the hospital bureaucracy and how it impacts the manner and timing of patient death Her investigative research links together the emotional experiences of patients and families the dedicated work of hospital staff and the ramifications of institutional bureaucracy to show the invisible power of the hospital system itself its rules mandates and daily activity in organizing death and individual experience of it The book is the story of real patients and their families an account of what drives the American hospital today and a report on the complex sources and implications of doing something about death *A Star Trek: The Next Generation: Time #2: A Time to Die* John Vornholt, 2004-03-02 On the cusp of their epic battle with Shinzon

many of Captain Jean Luc Picard's long time crew were heading for new assignments and new challenges Among the changes were William Riker's promotion to captain and his new command Riker's marriage to Counselor Deanna Troi and Dr Beverly Crusher's new career at Starfleet Medical But the story of what set them on a path away from the Starship Enterprise has never been told UNTIL NOW It was supposed to be a mission of mercy until the unthinkable occurred the destruction of the U S S Juno killing all hands on board Starfleet Command has unjustly assessed the actions of Captain Picard and the Enterprise crew during that fateful assignment to the Rashanar Battle Site the sector that saw one of the fiercest conflicts of the Dominion War and which is now a hazardous interstellar graveyard filled with hundreds of devastated starships While the court ordered medical evaluation that relieved Picard of command is ongoing there is growing speculation that his illustrious career may be coming to an end To clear his former commander acting captain William Riker and a demoralized skeleton crew agree to conduct a covert operation and must venture the Starship Enterprise back into Rashanar to track down a mythical menace one that may already be responsible for the annihilation of countless fully armed starships Unbridled hostility and the promise of death lurk at every turn but they could never imagine that their only chance of survival may lie in the unexpected return of a long absent friend
