**Cultural Stories in Curriculum** George J. Sefa Dei, Mairi McDermott, 2019-05-24 A vital resource for educators this collection offers reflections on and samples of units and lessons with an anti-racism orientation that promote inclusive educational practices for today's increasingly diverse K-12 classrooms. Engaging with multicentric cultural knowledges and stories, the contributors, consisting of classroom teachers, community workers, and adult educators, present units and lesson plans that challenge the Eurocentricity of curriculum design while also having practical applicability within various North American curricular models. These curriculum designs make space for students' lived experiences inside the classroom and amplify critical social values such as community building, social justice, equity, fairness, resistance, and collective responsibility, thereby addressing the issue of youth disengagement and promoting productive inclusion. Rich with sample units and lessons that are grounded in African oral traditions, this ground-breaking resource features critical guiding questions, suggestions for ongoing and culminating classroom activities, templates, and resources, and notes to the teacher. *Centering African Proverbs: Indigenous Folktales and Cultural Stories in Curriculum* is an essential tool for practising teachers, professional learning providers, and students in education and teaching programs across Canada and the United States. Johnnetta Betsch Cole, Nelda LaTeef, 2021-11-30 *African Proverbs for All Ages* is a beautifully illustrated, engaging picture book about the power of proverbs, how they evolve over time, and the wisdom of various cultures in Africa. It has been said that a proverb is a short sentence based on long experience. Whether you are young or old, proverbs can open your mind to a whole new way of seeing the world. We underestimate children when we assume they are incapable of understanding metaphor and deeper meaning. There are multiple ways that children learn, but for each method by which they learn, they need their imagination engaged and their visual sensibilities ignited. And as adults, we underestimate ourselves when we allow our lives to be about practical matters only. Proverbs can stir our soul and spark our imagination. Johnnetta Betsch Cole, Ph.D., President Emerita of Spelman and Bennett Colleges. In *African Proverbs for All Ages*, noted anthropologist and educator Dr. Johnnetta Betsch Cole and award-winning illustrator Nelda LaTeef invite children and adults to explore and reflect on complex notions about relationships, identity, society, and the human condition.
