DESCRIPTION Every school day more than 10 million children attend after **After School Programs** United States. Congress. House. Committee on Education and Labor. Subcommittee on Early Childhood, Elementary, and Secondary Education, 2008 [After-School Programs to Promote Child and Adolescent Development](#) Institute of Medicine, National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Community-Level Programs for Youth, 2000-09-12 This report summarizes the presentations and discussion at a workshop entitled Opportunities to Promote Child and Adolescent Development During the After School Hours convened on October 21 1999 The workshop was organized by the Board on Children Youth and Families and its Forum on Adolescence of the National Research Council and the Institute of Medicine with funding from the David and Lucile Packard Foundation This workshop brought together policy makers researchers and practitioners to examine research on the developmental needs of children and adolescents ages 5 to 14 years and the types of after school programs designed to promote the health and development of these young people Intended to provide a forum for discussion among the various stakeholders the workshop did not generate conclusions about the types of programs that are most effective nor did it generate specific recommendations about after school programs or promote a particular approach The workshop coincided with release of the Packard Foundation's fall 1999 issue of *The Future of Children* entitled When School Is Out Focusing on after school programs the journal provided some context for the workshop providing a backdrop for discussing the importance of after school programs the types of programs that exist across the country and the policy climate that surrounds after school programs This report summarizes the workshop [After-School Programming and Intrinsic Motivation](#) Elaine Clanton Harpine, 2019-08-10 This book examines the eight year development of the Reading Orienteering Club after school program showing how to develop test change and adapt an after school program to fit the needs of the children who attend It includes case studies and data reports for each year and presents the theory application and program evaluation steps that workers in the field or students learning about program design must follow Chapters present first person accounts as well as statistical evaluations of the effectiveness of the reading program with each group of children In addition chapters highlight the changes that were made in program design and why each change was implemented giving practitioners the insights needed to adapt interventions and strategies to their own programs The book concludes with recommendations from the authors on how to run a successful after school reading program Topics featured in this book

include The effect of intrinsic motivation to mental wellness in the classroom The importance of oral reading in correcting reading failure Group center approaches to teaching reading in the classroom How to select the best evaluation tool The challenges of mixing inner city and rural students in a reading program After School Programming and Intrinsic Motivation is an essential reference for scientist practitioners clinicians researchers and graduate students in such disciplines as school psychology childhood education social work psychotherapy and counseling and learning and instruction *The After-school Lives of Children* Deborah Belle,1999-03-01 Based on research about after school experiences and dilemmas conducted over a four year period with employed parents and their children this book draws on the stories these parents and children told often using their actual words to emphasize the wide variety of children s after school arrangements children s movement over time in and out of different arrangements and the importance to children of multiple facets of their after school arrangements not simply the presence or absence of an adult caretaker The book also emphasizes that children are not randomly assigned to after school arrangements Rather parents and children struggle to reach optimal solutions to what are often difficult child care dilemmas To understand these dilemmas and the diverse strategies that families adopt one must attend to the individual situations of children as family members understand them This book was written to contribute to the development of new family and work policies and practices by illuminating the difficulties families face and their consequences for children Written for psychologists sociologists and other social scientists who study families maternal employment child care or child development it will also be useful for parents educators community leaders and public policymakers concerned about the well being of children whose parents are employed *After-School Care in Disadvantaged Areas* Eilis Hennessy,Mary Donnelly,2005 [A Blueprint for Promoting Academic and Social Competence in After-School Programs](#) Thomas P. Gullotta,Martin Bloom,Christianne F. Gullotta,Jennifer C. Messina,2010-06-25 School activities alone are not always sufficient to ensure children s academic progress or socio emotional development and well being And the time when many children typically have the least adult supervision immediately after school is also the time that they are at the highest risk to act as perpetrators or become victims of antisocial behavior Throughout *A Blueprint for Promoting Academic and Social Competence in After School Programs* which focuses on children in grades 1 through 6 noted experts identify the best practices of effective programs and pinpoint methods for enhancing school based skills and making them portable to home and neighborhood settings This volume 1 Analyzes the concepts central to effective after school programs 2 Offers developmental cognitive and social ecology perspectives on how children learn 3 Features more than 100 exercises that develop young people s capabilities for academic social moral and emotional learning These exercises are ready to use or can be adapted to students unique needs 4 Emphasizes young people s development as students and as productive members of society during middle to late childhood and early adolescence 5 Presents explicit theory and evidence that can be used to explain the value of after school programs for budget proposals This important book will find an

appreciative ready audience among the program directors who design after school curricula the educators who implement them the mental health and social work professionals who help staff them and the current crop of graduate students who will create the next generation of programs
