Aftermath Of Oliver:

The Aftermath of Oliver H. Hucker, 1993 **XVI. Aftermath** Charles Robert Webster Biggar, 1905 **Blood and Faith** Damon T. Berry, 2017-09-26 Beginning with Ronald Reagan's 1980 presidential campaign the term religious right entered the popular lexicon coming to signify a politically and socially conservative form of Christianity that informs American conservatism to this day Less well known are other ideologies that have influenced the far right since well before 1980 including Odinism Creativity and racialized atheism The rising popularity of these extreme groups and their philosophical grounding in racial politics and religious bigotry has caused a shift away from and often hostility toward even racist forms of Christianity among American white nationalists In Blood and Faith Berry deftly explores the causes of this shift rooted largely in response to racialized anxieties that are by no means exclusive to extremists in America Focusing on the challenges these tensions pose for contemporary white nationalists seeking access to mainstream conservative politics Berry also considers the recent rise of the so called alt right and the unifying issues of anti multiculturalism and anti immigration around which moderate and fringe groups have rallied Blood and Faith is a provocative investigation of the complex evolving role of white nationalism and an urgent reminder of the outsized influence of religion in American political life *The Only Black Girl in the Room* Alex Travis, 2024-05-07 An ambitious reporter stuck doing diversity checks for her white colleagues gets her big break in this compelling debut novel perfect for fans of Jayne Allen Jasmine Guillory and Zakiya Dalila Harris Genevieve Francis a 25 year old Black reporter assumed she'd go into her fourth year at her newspaper job with a bigger story than the latest seasonal ice cream flavor Instead she's relegated to doing copyedits and sensitivity reads on the articles her white colleagues write So when Gen finally gets the opportunity to cover a prominent CEO's gala she leaps at the chance this will be her biggest assignment to date The only problem The CEO is her ex Jude whose marriage proposal she publicly rejected four years prior Following their awkward run in Jude personally requests Gen to write the first ever authorized profile of him The potential for scandal if anyone digs into their past is high but Gen decides to risk it if she proves herself with this profile it could jumpstart her dream of writing articles centered on Black voices But between the racist backlash from her colleagues and her conflicting feelings toward her ex Gen soon realizes she's in way over her head And it may be more than just her career on the line Timely and thoughtful this energetic debut explores what it means to believe in your future when everyone and everything is working against you We Were Close, Yet Miles Apart (Part 1) Lucian Pestelio, For seven hundred years the Carsen Empire stood untouchable a dynasty carved in war forged in blood and ruled by the vision of a single man Delecto K Carsen He did the impossible ended a decade of war without staining his hands with innocent blood His empire thrived Until now Until everything collapsed The Northern Duke and Duchess dead Their son Alex Luxembourg seventeen unprepared and drowning in a kingdom that no longer respects him His father's land Starving Rotting On the verge of rebellion His enemies Laughing Waiting Circling like vultures Then comes the final blow Bandits attack Supplies vanish

Famine tightens its grip The people cry out and Alex reaches for the Emperor's aid only to watch it be stolen before his very eyes This is no ordinary raid Someone from within is feeding the enemy A noble A traitor A snake in silk robes And now the Emperor speaks Fix this Or be erased from history The solution Marriage A bond between Alex and Maria Morgan the daughter of the most dangerous man in the empire A deal that shackles Alex to a future he never wanted with a woman he cannot trust Is she a savior or a spy A pawn or a queen waiting to strike The game is set The court is filled with smiling assassins The empire holds its breath Now Alex must do the impossible outwit the wolves find the traitor save his people and survive the throne that was never meant to be his Because in the Carsen Empire power isn't given It's taken And if Alex isn't careful he won't just lose his land He'll lose his life

Jump Tim Maleeny, 2012-08-31 Fast paced and funny this is a perfectly blended cocktail of escapism Publishers Weekly When the most hated landlord in San Francisco takes a jump off the roof of his own building it isn't hard to find suspects The police want to call it a suicide since both the Mayor and press are complaining about the dismal closure rate for homicide investigations But ex cop Sam McGowan knows it was murder He also knows that anyone living on the top floor of the building should be a suspect including himself So Sam decides to get to know his neighbors a lonely jazz singer more than willing to confess to any crime two young women paying for graduate school by operating a website that reveals a lot more than their SAT scores a B movie producer with a swollen prostate and shrinking bank balance and the brothers at the end of the hall who just quit their day jobs to sell marijuana for the Mexican mob The only thing they have in common is an agreement that their dead landlord got what he deserved and that one of them is probably responsible As more bodies surface and alliances shift Sam finds himself jumping between his old life as a cop and his new one as a murder suspect

The Remembered Dead Sally Minogue, Andrew Palmer, 2018-05-31 The Remembered Dead explores the ways poets of the First World War and later poets writing in the memory of that war address the difficult question of how to remember and commemorate those killed in conflict It looks closely at the way poets struggled to meaningfully represent dying death and the trauma of witness while responding to the pressing need for commemoration The authors pay close attention to specific poems while maintaining a strong awareness of literary and philosophical contexts The poems are discussed in relation to modernism and myth other forms of commemoration photographs memorials and theories of cultural memory There is fresh analysis of canonical poets which at the same time challenges the confines of the canon by integrating discussion of lesser known figures including non combatants and poets of later decades The final chapter reaches beyond the war's centenary in a discussion of one remarkable commemoration of Wilfred Owen
