Honour's Glassy Bubble Jane Emily Gerard,1906 **The Parliamentary Debates: Official Report. Fifth Series- Volume 156: Fifth Session of the Thirty-First Parliament of the United Kingdom of Great Britain and Ireland.13 George V. House of Commons** ,1922 Unstable Properties Patricia Burke Wood,David Rossiter,2022-10-15 The so called land question dominates political discourse in British Columbia Unstable Properties reverses the usual approach investigating Aboriginal claims to Crown land to reframe the issue as a history of Crown attempts to solidify claims to Indigenous territory The political and intellectual leadership of First Nations has exposed the fragility of BC s political and civil property regimes insisting that the province grapple with diverse interpretations of sovereignty governance territory and property From the historical geographic processes through which the BC polity became entrenched in its present territory to key events of the twenty first century the authors of this clear eyed study highlight the unstable ideological foundation of land and title arrangements In 2015 the Truth and Reconciliation Commission emphasized the need to educate Canadians about settler colonialism Unstable Properties puts critical human geography at the service of this goal by demonstrating that understanding different conceptualizations of land and territorialization is a key element of reconciliation

A First Nations Voice in the Australian Constitution Shireen Morris,2020-08-06 This book makes the legal and political case for Indigenous constitutional recognition through a constitutionally guaranteed First Nations voice as advocated by the historic Uluru Statement from the Heart It argues that a constitutional amendment to empower Indigenous peoples with a fairer say in laws and policies made about them and their rights is both constitutionally congruent and politically achievable A First Nations voice is deeply in keeping with the culture design and philosophy of Australia s federal Constitution as well as the long history of Indigenous advocacy for greater empowerment and self determination in their affairs Morris explores the historical political theoretical and international contexts underpinning the contemporary debate before delving into the constitutional detail to craft a compelling case for change
