Cuba The Making Of A Revolution

Jonathan M. Hansen

Cuba The Making Of A Revolution:

Cuba; the Making of a Revolution Ramón Eduardo Ruiz, 1968 Analyzes the historical and social causes that led to Castro's successful revolution in Cuba **Cuba** Ramón Eduardo Ruiz, 1968 Cuba Ramon Eduardo Ruiz, 1968 Cuba R. E. Ruiz, 1968 **Women in Cuba** Vilma Espín Guillois, Vilma Espín, Asela de los Santos, Yolanda Ferrer, Mary-Alice Waters, 2012 The social revolution that in 1959 brought down the bloody Batista dictatorship began in the streets of cities like Santiago de Cuba and the Rebel Army's liberated mountain zones of eastern Cuba The unprecedented integration of women in the ranks and leadership of this struggle was a true measure of the revolutionary course it has followed to this day Here in firsthand accounts by women who helped make it is the story of that revolution and the revolution within A fascinating look into women's rights in Cuba Women in Cuba is a strongly recommended pick for any women's studies collections Midwest Book Review What was achieved by and for women during and after the Cuban Revolution was nothing less than remarkable American readers of Women in Cuba are escorted to the prohibited land of Cuba without State Department permission or scrutiny And thus they are given the freedom to arrive at conclusions of their own regarding the island nation and its women ForeWord Reviews Summer 2012 This well researched book would be of interest to anyone studying Cuban history Latin American history the history of the women's liberation movement on a global scale and anyone who enjoys reading about history Recommended for all libraries and bookstores REFORMA April 2012 Introduction by Mary Alice Waters Photo sections maps glossary index A Short History of Revolutionary Cuba Antoni Kapcia, 2020-12-24 Few island nations have stirred the soul like Cuba From Hemingway's intoxicating Havana to Ry Cooder's Buena Vista Social Club outsiders have persistently been fascinated by Cuba for its music jazz to rumba its rich literature its art and dance danz n to mambo and perhaps above all for its bold experiment of a socialist revolution in action Antoni Kapcia shows how the thaw in relations between Cuba and the USA now makes a fresh appraisal of the country and its modern history essential He authoritatively explores the essence of the Cuban revolution revealing it to be a maverick phenomenon tied not so much to socialism or Communism for their own sakes but instead to an idealistic vision of postcolonial nationalism Reassessing the Cuban Missile Crisis of 1962 the author examines the central personalities not just the famous trio of Che Guevara Fidel and Ra l Castro in shaping the ideas of the revolution but still further back the visionary ideology of Jos Mart Kapcia's book reflects on the future of the revolution as a l nd his government began to cede power to a new generation **The Cuba Reader** Philip Brenner, 1989 **Young Castro** Jonathan M. Hansen, 2020-06-30 This intimate revisionist portrait of Fidel Castro showing how an unlikely young Cuban led his country in revolution and transfixed the world is sure to become the standard on Castro's early life Publishers Weekly Until now biographers have treated Castro's life like prosecutors scouring his past for evidence to convict a person they don't like or don't understand Young Castro challenges us to put aside the caricature of a bearded cigar munching anti American hothead to discover how Castro became the dictator who acted as a

thorn in the side of US presidents for nearly half a century In this gripping and edifying narrative Hansen brings imposing research and notable erudition Booklist to Castro s early life showing Castro getting his toughness from a father who survived Spain s class system and colonial wars to become one of the most successful independent plantation owners in Cuba We see a boy running around that plantation more comfortable playing with the children of his father s laborers than his own classmates at elite boarding schools in Santiago de Cuba and Havana We discover a young man who writes flowery love letters from prison and contemplates the meaning of life a gregarious soul attentive to the needs of strangers but often indifferent to the needs of his own family These pages show a liberal democrat who admires FDR s New Deal policies and is skeptical of communism but is also hostile to American imperialism They show an audacious militant who stages a reckless attack on a military barracks but is canny about building an army of resisters In short Young Castro reveals a complex man The first American historian in a generation to gain access to the Castro archives in Havana Jonathan Hansen was able to secure cooperation from Castro s family and closest confidants He gained access to hundreds of never before seen letters and interviewed people he was the first to ask for their impressions of the man The result is a nuanced and penetrating portrait of a man at once brilliant arrogant bold vulnerable and all too human a man who having grown up on an island that felt like a colonial cage was compelled to lead his country to independence **Cuba in Revolution** Antoni

Kapcia,2008-11-15 The recent retirement of Fidel Castro turned the world s attention toward the tiny but prominent island nation of Cuba and the question of what its future holds Amid all of the talk and hypothesizing it is worth taking a moment to consider how Cuba reached this point which is what Antoni Kapcia provides with his incisive history of Cuba since 1959 Cuba In Revolution takes the Cuban Revolution as its starting point analyzing social change its benefits and disadvantages popular participation in the revolution and the development of its ideology Kapcia probes into Castro s rapid rise to national leader exploring his politics of defense and dissent as well as his contentious relationship with the United States from the beginning of his reign The book also considers the evolution of the revolution s international profile and Cuba s foreign relations over the years investigating issues and events such as the Bay of Pigs crisis Cuban relations with Communist nations like Russia and China and the flight of asylum seeking Cubans to Florida over the decades The collapse of the Soviet Union between 1989 and 1991 catalyzed a severe economic and political crisis in Cuba but Cuba was surprisingly resilient in the face of the catastrophe Kapcia notes and he examines the strategies adopted by Cuba over the last two decades in order to survive America s longstanding trade embargo A fascinating and much needed examination of a country that has served as an important political symbol and diplomatic enigma for the twentieth century Cuba In Revolution is a critical primer for all those interested in Cuba s past or concerned with its future *A History of the Cuban Revolution* Aviva

Chomsky,2015-04-20 A fully revised and updated new edition of a concise and insightful socio historical analysis of the Cuban revolution and the course it took over five and a half decades Now available in a fully revised second edition including new

material to add to the book's coverage of Cuba over the past decade under Raul Castro. All of the existing chapters have been updated to reflect recent scholarship. Balances social and historical insight into the revolution with economic and political analysis extending into the twenty-first century. Juxtaposes U.S. and Cuban perspectives on the historical impact of the revolution, engaging and debunking the myths and preconceptions surrounding one of the most formative political events of the twentieth century. Incorporates more student-friendly features such as a timeline and glossary.

Cuba's Revolutionary World Jonathan C. Brown, 2017-04-24. As Castro's democratic reform movement veered off course, a revolution that seemed to signal the death knell of dictatorship in Latin America brought about its tragic opposite. Jonathan C. Brown examines in forensic detail how the turmoil that rocked a small Caribbean nation in the 1950s became one of the century's most transformative events.

Cuba 1952-1959 Manuel Márquez-Sterling, 2009. Author Manuel Márquez Sterling writes about Fidel Castro and his revolution from direct personal experience as a historian with broad and deep knowledge of 50s Cuba. The author knew and had contact with many of the historical figures in the book's pages. His penetrating analysis of the public and behind-the-scenes events clears the fog and shatters myths to reveal the real story of the Cuban Revolution. The book explains how Castro came to power through the convergence of rabid partisanship, radical student politics, media bias, and venal politicians who placed self-interest ahead of preserving democracy. Facing a constitutional crisis, these parties espoused the end justifies the means, embracing political gangsterism and eschewing negotiations with political opponents, resulting in a power vacuum Castro exploited to seize power. Masterful propaganda cast Castro as pro-democracy hero, avoiding scrutiny of his plans for a totalitarian state under his control.

Making a New People Theodore Harney MacDonald, 1985. Cuban Revolution in America Teishan A. Latner, 2018-01-11. Cuba's grassroots revolution prevailed on America's doorstep in 1959, fueling intense interest within the multiracial American Left, even as it provoked a backlash from the U.S. political establishment. In this groundbreaking book, historian Teishan A. Latner contends that in the era of decolonization, the Vietnam War, and Black Power, socialist Cuba claimed center stage for a generation of Americans who looked to the insurgent Third World for inspiration and political theory. As Americans studied the island's achievements in education, health care, and economic redistribution, Cubans in turn looked to U.S. leftists as collaborators in the global battle against inequality and allies in the nation's Cold War struggle with Washington. By forging ties with organizations such as the Venceremos Brigade, the Black Panther Party, and the Cuban American students of the Antonio Maceo Brigade, and by providing political asylum to activists such as Assata Shakur, Cuba became a durable global influence on the U.S. Left. Drawing from extensive archival and oral history research and declassified FBI and CIA documents, this is the first multidecade examination of the encounter between the Cuban Revolution and the U.S. Left after 1959. By analyzing Cuba's multifaceted impact on American radicalism, Latner contributes to a growing body of scholarship that has globalized the study of U.S. social justice movements.

Revolutionary Change in Cuba Carmelo Mesa-Lago, 1972-01-15. Cuba has been

transformed more radically within one decade than almost any society in recent history Yet the Cuban Revolution is poorly understood abroad because of its physical and political isolation the controversies between adherents of the old and new regimes and the murky skirmishes of the cold war This collection of essays is a comprehensive and authoritative study of almost all major aspects of socialist Cuba It draws together the talents of the ablest group of Cuban specialists ever represented in a single volume *Patriots and Traitors in Revolutionary Cuba, 1961-1981* Lillian Guerra,2023-01-17

Authorities in postrevolutionary Cuba worked to establish a binary society in which citizens were either patriots or traitors This all or nothing approach reflected in the familiar slogan patria o muerte fatherland or death has recently been challenged in protests that have adopted the theme song patria y vida fatherland and life a collaboration by exiles that predictably has been banned in Cuba itself Lillian Guerra excavates the rise of a Soviet advised Communist culture controlled by state institutions and the creation of a multidimensional system of state security whose functions embedded themselves into daily activities and individual consciousness and reinforced these binaries But despite public performance of patriotism the life experience of many Cubans was somewhere in between Guerra explores these in between spaces and looks at Cuban citizens complicity with authoritarianism leaders exploitation of an earnest anti imperialist nationalism and the duality of an existence that contains elements of both support and betrayal of a nation and of an ideology

The New Cuban Presence In The Caribbean Barry B Levine, Franklin W Knight,2019-06-18 The Caribbean area projects an image not entirely accurate of instability and it is within that context that the United States and Cuba the region s chief protagonists struggle This book explores in detail the history and nature of Cuba s influence in the Commonwealth Caribbean Mexico and Central and South America as well as its relations wi

[The Subject of Revolution](#) Jennifer L. Lambe,2024-08-27 From television to travel bans geopolitics to popular dance The Subject of Revolution explores how knowledge about the 1959 Cuban Revolution was produced and how the Revolution in turn shaped new worldviews Drawing on sources from over twenty archives as well as film music theater and material culture this book traces the consolidation of the Revolution over two decades in the interface between political and popular culture The subject of Revolution it proposes should be understood as the evolving synthesis of the imaginaries constructed by its many subjects including revolutionary leaders activists academics and ordinary people within and beyond the island s borders The book reopens some of the questions that have long animated debates about Cuba from the relationship between populace and leadership to the archive and its limits while foregrounding the construction of popular understandings It argues that the politicization of everyday life was an inescapable effect of the revolutionary process as well as the catalyst for new ways of knowing and being

Leadership in the Cuban Revolution Antoni Kapcia,2014-09-11 Most conventional readings of the Cuban Revolution have seemed mesmerised by the personality and role of Fidel Castro often missing a deeper political understanding of the Revolution s underlying structures bases of popular loyalty and ethos of participation In this ground breaking work Antoni Kapcia focuses instead on a wider cast of characters

Along with the more obvious albeit often misunderstood contributions from Che Guevara and Ra l Castro Kapcia looks at the many others who over the decades have been involved in decision making and have often made a significant difference He interprets their various roles within a wider process of nation building demonstrating that Cuba has undergone an unusual if not unique process of change Essential reading for anyone interested in Cuba s history and its future **Cuban Revolution in America** Teishan Latner,2020

Cuba The Making Of A Revolution Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be evident than ever. They have the ability to inspire, provoke, and ignite change.
